TWO CENTS

SENATORIAL CONVENTION WAS BIG AND HARMONIOUS

Senator Frank B. Archer and Charles C. Connell Were Nominated For the District Amid Much Enthusiasm.

CANDIDATES INSTRUCTED FOR FORAKER

Hon. R. W. Tayler Made an Eloquent Speech, Presenting the Claims of Columbiana County's Choice—The Work Was Dispatched In a Business Like Manner and the Convention Was In Session Little Over an Hour—Candidates' Acceptances.

From a Staff Correspondent
Steubenville, May 7.—The Republican convention of the Twentieth-Twenty-second joint senatorial district was an earnest and enthusiastic body. It was business-like as well, and in a little over an hour had completed the work for which it met and adjourned. As foretold by the News Review there was no opposition to either of the candidates for senator from this district, and Frank B. Archer, of Belmont, and Charles C. Connell, of Columbiana, were nominated and accepted the honor unanimously tendered them.

Caucuses preceded the convention. They were presided over as follows: Columbiana county—J. A. Martin, chairman; J. N. Hanley, secretary.

Jefferson county—Charles McKinney, chairman; Charles Simeral, secretary.

Harrison county—A. J. Palmer, chairman; F. M. Beall, secretary.

Belmont county—Judge J. W. Hollingsworth, chairman; Ed R. Gow, secretary.

The convention was called to order shortly after 11 o'clock by Samuel Westwood, of Belmont, who nominated D. A. Hollingsworth, of Harrison, for temporary chairman and Dr. S. B. McGavern, of Harrison, for secretary. In a speech the temporary chairman outlined what would be expected of the men nominated today. They could give important aid to the friends of improvement of the Ohio river and could uphold and strengthen the arm of state and national administrations. He hoped they would continue like the rest of the state to support Governor Nash in putting down prize fights and disorder.

Committees were appointed as follows:

Permanent organization—J. H. Brookes, Columbiana; E. N. Crawford, Jefferson; W. B. Hearn, Harrison; D. H. Darrach, Belmont.

Resolutions—Ed A. King, Columbiana; Samuel Dorrance, Jefferson; Hon. C. M. Hogg, Harrison; W. C. Bersenthal, Belmont.

Rules and Order of Business—C. S. Speaker, Columbiana; Hollis C. Smith, Jefferson; J. C. Glover, Harrison; J. E. Trueman, Belmont.

Senatorial—Geo. E. Davidson, Columbiana; J. Carl Bigger, Jefferson; W. P. Guthrie, Harrison; Samuel Westwood, Belmont.

After the usual preliminaries, J. H. Brookes, for the committee on permanent organization, reported, recommending the temporary organization be made permanent. This was done amid enthusiasm.

Senator Hogg, of Harrison, reported for the committee on resolutions, and the report was unanimously approved. The resolutions, which were brief, endorsed the president and national administration in the warmest terms, also that of Governor Nash and the state officers. Senators Foraker and Hanna and Congressmen Taylor and Gill were especially commended for their work in congress and F. B. Archer for his record in the state senate. One plank pledged the convention that the two senators from this district give their support to Senator Foraker for reelection to the United States senate.

C. S. Speaker reported on rules and order of business. Judge J. C. Boone

reported for the credentials committee that there were no contests and all delegations were complete.

In a brief address Judge Hollingsworth presented the name of Frank B. Archer for renomination, warmly praising Mr. Archer and congratulating the district on having such an efficient and faithful representative. Hon. R. W. Tayler followed. He was opposed to one form of expansion, and that was expanding his lungs unnecessarily. He was glad to bring greetings from the other counties of the district and gladder still to be able to present the name of a candidate unanimously endorsed by his whole county, representing more than 10,000 people of Columbiana. Charles C. Connell was a young man with many years of capable usefulness ahead of him. He felt the serious responsibilities of a senator, upon which the speaker dwelt. The candidate was a fitting assistant to the senator who has so well represented the district. He will support the senior United States senator, and his aid will be needed. Mr. Tayler here eulogized Senator Foraker, and showed how necessary it was to return this able statesman, the faithful friend of the administration, to his old position.

The nominations were enthusiastically ratified and the candidates were called for. Both spoke briefly but well, thanking the convention for the honor conferred, and promising to do their best to look after the best interests of their constituents and the state.

The senatorial committee decided that in case of a vacancy on the ticket, it should be filled by the committee. The convention adjourned at 12:30.

The following is a complete list of the Columbiana county delegates:

John Strier, John Costello, Robert Ellyson, W. C. Taylor, A. R. Dow, G. V. Sharp, Samuel Buell, L. P. Metzger, J. C. Boone, Dr. Miles, Paul Lowry, Sherman Atchison, Paul Huxley, W. D. CHARLES C. CONNELL.

Attorney Charles C. Connell, who was today nominated as the junior senator from the Twentieth-Twenty-second joint district by the Republicans in convention, is a young man of extraordinary attainments.

Mr. Connell graduated with honors from the public schools of Lisbon in June, 1890, being then but 19 years of age. From early youth he proved by his studious disposition and ready grasp of difficult propositions that he had a future of unusual brilliancy before him. Early in life he determined to fit himself for the law, and at his graduation entered the office of Morrison Bros., one of the most prominent legal firms of the county.

Soon afterward he took a preparatory course in the Ohio State University, remaining in that institution for more than a year.

Early in 1892 Mr. Connell took up

his studies in the Cincinnati law school, and by dint of hard study and close application finished the course with highest awards in 1894.

The gentleman is not yet 30 years of age, having been born in Lisbon September 27, 1871, and if elected to the position of senator, which is beyond the question of a doubt, he will be one of the youngest men who ever held a position in the state senate of Ohio.

Mr. Connell has been prominently identified with the Republican party, not only in Columbiana county, but in the state for several years, and although a young man when compared with a majority of the members of both branches of the legislature, will undoubtedly make a record for his county and district that will be an honor to himself and a credit to those who elect him.

BOSTON SHOE FIRM

WANTS TO BUILD A FACTORY IN EAST LIVERPOOL.

Communication Received from a Member of the Company Says 300 Men Will Be Employed.

Attorney G. Y. Travis is in receipt of a letter from a member of a Boston shoe firm, stating the intention of that company to build a factory in East Liverpool, provided proper inducements are given.

The writer states that if the factory is built as provided, employment will be given to 300 men. The communication will be turned over to the board of trade.

SQUIRE WANTS MONEY

And He Went Over to West Virginia to Do a Little Collecting.

Constable Miller left for New Cumberland this morning, where he expected to locate Thomas Sheets, who, it will be remembered, skipped out with his wife after bringing a suit in a local court against Thomas Bills for unlawful cohabitation, leaving the justice and constable to whistle for their costs in the case.

While the officer has no authority to go into West Virginia and lay hands on Sheets, he nevertheless went there for that purpose. It was the object, however, to simply frighten the man into paying over the much desired ducats.

Granted a New Trial.

*Beaver, Pa., May 7.—E. E. Pierce, a Beaver Falls osteopathist, who recently was found guilty of practicing medicine without registering as a physician, as required by law, was yesterday granted a new trial by Judge Wilson.

IN CONVENTION.

Representatives of Columbiana County Sunday School Association Meet at Salem.

Salem, May 7.—(Special.)—The Columbiana County Sunday School convention convened last evening and will continue in session today. Among those in attendance are the following: Mrs. Annie Beardmore, Miss Grace Ogilvie, Miss Ethel McCain, Miss Maud Woodward, of East Liverpool; Edna Joseph and Elsie Worstell, of Wellsville. Rev. W. F. McCauley, county president, presides. Among those who spoke last evening were Rev. T. J. Gray, of the Bethel Presbyterian church; Rev. J. B. Umberger, of Leetonia, and Rev. Joseph Clark, general secretary of Ohio Sunday School association, Columbus.

The proceedings today will be largely routine, closing with a popular meeting tonight.

OFFICIALS COMING.

To Inspect River Iron Plants Including That at Chester.

Steubenville, May 7.—(Special.)—It was learned here today that Chas. M. Schwab, president of the United States Steel corporation, and W. P. Graham, first vice president, formerly president of the Aetna Standard at Mingo, would start next week on a tour of inspection of river iron plants belonging to the company. They will visit the Chester mill.

Frank Gourley And "Red" Moore Will Spend the Summer There.

Officer Auderhelde left for Canton this morning with Frank Gourley and "Red" Moore. The two were fined \$50 and costs and will work it out.

BRUTAL ASSAULT ON AGED WOMAN

Mrs. Price, Over 60 Years Old, Attacked and Stoned by an Italian Female.

NO REASON FOR IT IS KNOWN

The Offender Fled Before the Police Arrived And It Is Likely She Escaped—The Outrage Took Place Near the Aged Woman's Home.

Mrs. William Price, Sr., aged over 60 years, was brutally assaulted and severely injured by an unknown Italian woman at about 1:15 o'clock this afternoon. Mrs. Price, who resides just above Ralston's Crossing, had gone to the orchard in to the rear of her home to gather flowers. She passed through the orchard and was just at the edge of the hill road when she saw an Italian woman coming hurriedly toward her. She thought she merely meant to pass up the road and was altogether off her guard.

When the Italian woman got just opposite where Mrs. Price was standing she suddenly sprang upon her, seizing her by the throat in order to stifle her cries.

She dealt her a blow on the head with a large stone which almost rendered her unconscious. Mrs. Price, however, had screamed for help and her husband, who is an aged man, was making his way to her as fast as possible. Meanwhile the Italian woman was still beating her on the head and back with the stone and evidently trying to kill her. When she saw Mr. Price coming she released Mrs. Price and ran up the road toward the East End. Mrs. Price's head and face was covered with blood and she had completely collapsed. She was taken to the house and made as comfortable as possible while waiting for Dr. Calhoun, who had been summoned and arrived a few minutes later. An examination showed that the injuries were not serious if properly attended to, but the aged lady will be laid up for some time.

The patrol was called and Chief Thompson and several other officers were on the ground in a remarkably short time. They failed to find the Italian woman in the woods to the rear of the house and went on to the East End.

The police could learn no possible motive for the murderous assault. Mrs. Price stated that she had noticed the woman loitering about the place every day for more than a week and had several times wondered at her suspicious actions.

FRACTIOUS HORSE

Caused Its Driver to Take a Tumble. Became Scared at a Locomotive.

A horse owned by Dennis McGarren, of Congo, took fright at a C. & P. locomotive this morning at the foot of Market street. The animal wheeled suddenly, overturning the buggy to which it was hitched, and the driver was thrown heavily to the ground.

Fortunately Mr. McGarren alighted on his feet and escaped injury. He kept a firm hold on the lines and thus averted a runaway. The buggy was slightly damaged.

KICKED BY A HORSE

Frank Speers Suffers a Painful Injury. Left Cheek Badly Lacerated.

Frank Speers, a 16-year-old son of Amos Speers, of Pleasant Heights, was kicked in the face by a horse Monday evening and badly hurt. The left cheek was lacerated, and in a few minutes both of the lad's eyes were swollen shut.

A surgeon dressed the wounds, and it is thought no serious results will follow. Only a week ago the boy accidentally fell and dislocated his collar bone.

A surgeon dressed the wounds, and it is thought no serious results will follow. Only a week ago the boy accidentally fell and dislocated his collar bone.

EAST END.

ON A FISHING TRIP.

Party of East Enders Depart, Fully Equipped for Business.

Messrs. John Arnold, Henry Arnold, Will Andrews, Thomas Yates, Dr. Henderson and Thompson Andrews are on a fishing excursion up Beaver creek today. This is the first fishing excursion from the East End this season, and these people made fitting preparation for it. It is said that several of them engaged to sell part of the fish last night. They kept three boys busy digging for bait and seining for minnows all day yesterday, while they spent the time in hunting up lines and putting on new hooks. They took several extra boxes of hooks with them today.

Just what the outcome of their trip may be cannot be told until this evening, but it is thought that business with Jack Wintergill will be slow for several days, as the result of this trip.

BROKE HIS ARM.

Raymond Mossman, an East End Lad, Meets With a Mishap at Play.

Raymond Mossman fell and broke his arm below the elbow yesterday afternoon. The lad, who is about seven years of age, was playing on the hillside below his father's house on Pennsylvania avenue, when he tripped and fell. A doctor was called who reset the broken member and the boy is resting easy today.

An Abandoned Test.

Sir Hiram S. Maxim was once a victim of one of the British war office's sudden freaks. When the Maxim quick firing gun was being tested by the government with a view to finding out its weak points, its inventor was asked to have 10,000 rounds fired at the highest possible speed. The experiment was successfully carried out, but the chairman of the committee of investigation was still unsatisfied.

"That's very well as far as it goes," he exclaimed, "but could you guarantee your gun to go on firing automatically at the same rate for, say, 24 hours?"

"I can," was the quiet reply, "and I will—on one condition."

"And that is?"

"That the government finds and pays for the ammunition."

At first the committee were inclined to close with the offer, but when it was discovered that \$64,000 rounds would be fired and that the cost of the experiment would be something like \$5,700 they dispensed with the trial.

Utilizing the Waste Product.

A parish in the highlands had been cut off from communication with the nearest town owing to a severe snowstorm, relates The Scottish American. Supplies began to give out, and the minister was much perturbed in mind as his snuffbox was quite empty. The Sabbath came round. How was he to get through his discourse without the aid of his usual stimulant? He appealed to his faithful henchman, the sexton. Alas, he was in a similar unsatisfactory predicament! How was it to be remedied? Andrew shook his head, thought long and suddenly disappeared. Presently he returned with something resembling snuff wrapped carefully in paper. The minister took a hearty pinch or two and then asked: "Where did you get it, Andrew?" "Please, sir, I just went and swept the pulpit out," was the reply.

KIDNAPING BLOCKED.

Detroit Chief of Police Refused to Allow Biddle-Dorman Gang Accomplice to Be Carried Off.

Detroit, Mich., May 7.—Governor Bliss signed the requisition granting Detective Kelley power to remove from the state of Michigan, Barnett Werbe, who is charged in the Allegheny county courts with receiving the goods stolen by the Biddle-Dorman gang, but Detective Kelley's plan to hastily remove the prisoner was blocked by Chief of Police Martin, who will be "ripped" out of office in a few days and succeeded by Lieutenant of Detectives John Downey.

The understanding was between Captain of Detectives McDonald, Lieutenant of Detectives Downey and Detective Kelley that by some hook or crook that the prisoner should get into the hands of Detective Kelley as soon as the requisition papers were received from the governor. Detective Kelley was then to take an electric car ride with the prisoner and shortly would be out of the county and consequently out of the jurisdiction of the Wayne county courts.

Governor Bliss wired Captain McDonald that he had attached his signature to the papers and to hold the prisoner at all hazards from being admitted to bail. Since then Captain McDonald and Lieutenant Downey have been called to Port Huron on a big burglary case and Chief of Police Martin refused to carry out the detectives' agreement, claiming the prisoner is entitled to reasonable time to take out a writ of habeas corpus after the papers are received.

Werbe has another attorney to assist W. I. Robinson. He is Marcus Pollaski, last year a candidate for governor, and now a candidate for governor of Porto Rico, for which position he claims to have a promise. He is of considerable political importance and has the endorsement of every official and member of the legislature.

What move the attorneys propose to make cannot be ascertained. They refuse to talk further than to say they are ready. Werbe is now being illegally held in confinement. Under the law he should have been arraigned by noon Monday on the last charge placed against him by Detective Kelley on Saturday, that of receiving the Caldwell and Graham silks, shipped from Pittsburg to Detroit.

For some reason unknown, Detective Kelley has consulted with District Attorney James Hurst and has retained Allan H. Frazier, one of the best criminal lawyers of the state, and will fight for his prisoner.

Tried to Drown Self and Children.

Petosky, Mich., May 7.—Mrs. William A. Martin, wife of the Pere Marquette agent here, threw her two children and herself into the bay, after a family quarrel. All three were rescued by fishermen, but the youngest child, aged 4 years, will die from the exposure and shock.

A BETTER BALLOT LAW.

Pennsylvania Leaders Discussed the Subject, but Reached No Definite Agreement.

Harrisburg, May 7.—A conference between Republican and Democratic leaders of Pennsylvania on ballot reform legislation was held last night at the executive mansion. The Republican members were United States Senators Quay and Penrose, Governor Stone, Insurance Commissioner Duran, Senator Reock, chairman of the senate election committee; Senate President Pro Tem and State Chairman Reeder. The Democratic representatives were Colonel James M. Guffey, of Pittsburg, member of the national committee; Congressman Polk, of Mount Airy; Representative Ikester, of Columbia; ex-State Chairman Riving, State Chairman Cressy and Senator Miller, of Cumberland.

No definite agreement was reached. Both parties agreed that the party circle should be dropped and that the party columns should remain as they are on the present ballot. The Democrats insisted that no person shall be entitled to assist more than 10 voters to prepare their ballot and that before a voter can secure assistance he must make affidavit that he cannot read or write or that he is physically unable to prepare his ballot. The Republicans objected to the feature requiring the voter to make affidavit as to his disability and promised to take the matter under consideration and report later. The original Democratic proposition was that no person could assist more than three voters.

EAST END.

ON A FISHING TRIP.

Party of East Enders Depart, Fully Equipped for Business.

Messrs. John Arnold, Henry Arnold, Will Andrews, Thomas Yates, Dr. Henderson and Thompson Andrews are on a fishing excursion up Beaver creek today. This is the first fishing excursion from the East End this season, and these people made fitting preparation for it. It is said that several of them engaged to sell part of the fish last night. They kept three boys busy digging for bait and seining for minnows all day yesterday, while they spent the time in hunting up lines and putting on new hooks. They took several extra boxes of hooks with them today.

Just what the outcome of their trip may be cannot be told until this evening, but it is thought that business with Jack Wintergill will be slow for several days, as the result of this trip.

BROKE HIS ARM.

Raymond Mossman, an East End Lad, Meets With a Mishap at Play.

Raymond Mossman fell and broke his arm below the elbow yesterday afternoon. The lad, who is about seven years of age, was playing on the hillside below his father's house on Pennsylvania avenue, when he tripped and fell. A doctor was called who reset the broken member and the boy is resting easy today.

NEW CUP DEFENDER

Boat Launched Which Is Likely to Fight Gamely to Uphold Yankee Prestige.

A MUCH IMPROVED COLUMBIA

Spectators Pleased With What They Saw of the New Constitution at the Launching—Iselin Thinks Her Finer Than the Columbia.

Bristol, R. I., May 7.—With her hull gaily decorated with flags and her deck well filled with sailors, the yacht Constitution was christened last evening by Mrs. Butler Duncan, who broke the traditional bottle of wine on her glistening bow just as she started slowly down the ways into the sea.

A platform had been rigged under the bow of the boat, and on this Mrs. Duncan stepped when the gong for the starting was sounded. Beside her on the platform was her husband, the manager of the new boat, but all the rest of the party stood a little distance off.

At the sound of the gong Mrs. Duncan dashed a bottle of champagne against the yacht's bow, and as the wine gushed in sparkling foam on the prow the sleek racer acquired motion and slowly began her descent into the water. With the breaking of the bottle Mrs. Duncan, in a clear voice, said:

"I christen the Constitution." The scene was a brilliant one as the Constitution was slowly lowered into the water, the cheering from the boats outside being loud and vigorous, while the searchlight from the steam yacht Colonia just outside the dock illuminated the stern of the Constitution. Rockets and other fireworks added not a little to the gaiety of the occasion. As the stern of the craft emerged from the shop the private signals of the members of the syndicate were displayed on small flag-staffs upon her deck.

As the vessel reached the water the flash of the searchlight grew more intense and greater became the display of rockets and Roman candles. Twelve minutes after the yacht started the cradle was floated from under the bilges and the Constitution was fairly afloat.

The clear starlight night was admirable for the pyrotechnic display. The spectators generally came to the conclusion that the new cup defender is actually a much improved Columbia, with all her sterling virtues and none of her trifling faults. The yacht was hauled out of her mooring. She will be taken alongside the dock today and her mast will be stepped.

Thus quietly and with simple ceremony the Constitution was baptized. There was no hitch; everything worked without a fault. The expenditure of flashlight powder was insignificant and no accident resulted from its explosion. It was possible to see much of the yacht's shape as she rested on the ways, illuminated by the brilliant electric lights, which showed the grace of her form. Once clear of the shed she was lost in the blackness of the night.

C. Oliver Iselin, who raced the Columbia two years ago, says he thinks the Constitution is a larger and finer boat, and is sure that she will make a record.

Coray Introduces a Measure Almost Prohibitive in the Pennsylvania House of Representatives.

Harrisburg, May 7.—A special order was made by the house last night, at the request of Mr. Voorhees, of Philadelphia, for his bill providing for a submission to a vote of the people at the next general election the question of removing the capital from Harrisburg to Philadelphia. The bill was read the first time at last night's session, may be taken up today for second reading and Wednesday may be taken up for third reading and final passage.

The bill levying a tax of 1 cent a gallon on all ale, beer and porter brewed in Pennsylvania was recommended to the ways and means committee.

A resolution was offered by Mr. Pomeroy, of Franklin, and adopted, directing Governor Stone to appoint 20 persons, not more than one from each county, to be known as an auxiliary committee from Pennsylvania to the Pan-American exposition.

Mr. Coray, of Luzerne, introduced a bill prohibiting the manufacture and sale, importation or exportation, or dispensing in any way, of all intoxicating beverages in Pennsylvania, except for scientific, mechanical or medicinal purposes.

The calendar of first reading bills was disposed of, after which the house adjourned until this morning, about 10 o'clock being the time selected to meet.

The order of business in the senate last night was bills on first reading. After the first reading calendar and the president's table had been cleared the senate adjourned until tonight, about 8 o'clock being the time selected to meet.

As a Food For the Skin.

To Make It Smooth, Healthy and Beautiful, Dr. Chase's Ointment is Hailed by Thousands of Fair Women.

Every woman, no matter how beautiful her skin, finds need at times of some preparation to overcome the redness and roughness, and to cure the pimples, blackheads and skin irritations.

Powders may cover up the disfiguring eruptions, but can never cure them, and are positively injurious because they clog up the pores of the skin. Dr. Chase's Ointment is a food for the skin. It is readily absorbed, and thoroughly cures each and every skin disease, making the skin smooth, soft and clear.

No woman's toilet is complete without Dr. Chase's Ointment, for besides being the most perfect skin beautifier obtainable it can be used in a score of different ways. It absolutely cures eczema, salt rheum and the itching to which women are especially subject.

When the feet are sore and chafed with walking an application of Dr. Chase's Ointment takes out the smarting and allays the inflammation in a surprisingly short time. Then for burns, scalds and every sort of chafing, irritation or eruption of the skin Dr. Chase's Ointment affords a safe and certain cure. It has come to be indispensable in the stores of thousands of homes in the United States; 50 cent a box, at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

NEW CUP DEFENDER

Boat Launched Which Is Likely to Fight Gamely to Uphold Yankee Prestige.

A MUCH IMPROVED COLUMBIA

Spectators Pleased With What They Saw of the New Constitution at the Launching—Iselin Thinks Her Finer Than the Columbia.

Bristol, R. I., May 7.—With her hull gaily decorated with flags and her deck well filled with sailors, the yacht Constitution was christened last evening by Mrs. Butler Duncan, who broke the traditional bottle of wine on her glistening bow just as she started slowly down the ways into the sea.

A platform had been rigged under the bow of the boat, and on this Mrs. Duncan stepped when the gong for the starting was sounded. Beside her on the platform was her husband, the manager of the new boat, but all the rest of the party stood a little distance off.

At the sound of the gong Mrs. Duncan dashed a bottle of champagne against the yacht's bow, and as the wine gushed in sparkling foam on the prow the sleek racer acquired motion and slowly began her descent into the water. With the breaking of the bottle Mrs. Duncan, in a clear voice, said:

"I christen the Constitution." The scene was a brilliant one as the Constitution was slowly lowered into the water, the cheering from the boats outside being loud and vigorous, while the searchlight from the steam yacht Colonia just outside the dock illuminated the stern of the Constitution. Rockets and other fireworks added not a little to the gaiety of the occasion. As the stern of the craft emerged from the shop the private signals of the members of the syndicate were displayed on small flag-staffs upon her deck.

As the vessel reached the water the flash of the searchlight grew more intense and greater became the display of rockets and Roman candles. Twelve minutes after the yacht started the cradle was floated from under the bilges and the Constitution was fairly afloat.

The clear starlight night was admirable for the pyrotechnic display. The spectators generally came to the conclusion that the new cup defender is actually a much improved Columbia, with all her sterling virtues and none of her trifling faults. The yacht was hauled out of her mooring. She will be taken alongside the dock to-day and her mast will be stepped.

Thus quietly and with simple ceremony the Constitution was baptized. There was no hitch; everything worked without a fault. The expenditure of flashlight powder was insignificant and no accident resulted from its explosion. It was possible to see much of the yacht's shape as she rested on the ways, illuminated by the brilliant electric lights, which showed the grace of her form. Once clear of the shed she was lost in the blackness of the night.

C. Oliver Iselin, who raced the Columbia two years ago, says he thinks the Constitution is a larger and finer boat, and is sure that she will make a record.

THE G. A. R. ENCAMPMENT.

The Ohio encampment of the Ohio Grand Army of the Republic opens today at Bellefontaine. The annual meeting of the Sons of Veterans and the auxiliary organizations of both orders will be held at the same time and place. The city of East Liverpool is represented at the gathering and feels a deep interest in it. The same is true of every town, village and township in Ohio. No portion of the state is so small or poor or obscure that it did not contribute its quota toward swelling the original grand army—the army that fought to preserve the union.

Although each succeeding reunion of veterans shows that the ranks are becoming thinner and the men who still remain in line march with feebler step and with form more deeply bowed, there will yet be many a pleasant gathering ere the membership becomes so reduced in numbers that the annual encampment must be abolished. May the present encampment be a happy occasion for all who attend, and may long life and honor fall to the lot of the men who fought to make all the people of all the nation free! A Grand Army today are the patriots who kept the union inviolate, and the story of their sacrifices and sufferings is with us and will ever remain a lesson, an inspiration for the patriots of coming generations.

IMPROVED MAIL SERVICE.

Rural free delivery is to be greatly extended during the coming year. A few years ago the appropriation for this service was merely a trivial sum. At the last session congress voted that \$3,500,000 be expended upon rural free delivery during the coming fiscal year. This amount will be chiefly devoted to extensions and to increasing the efficiency of the service where it is already established. This is good news for thousands of families living in agricultural communities. Columbiana county is to have additional routes, and there is no doubt they will meet with popular appreciation as the merits of the service become known.

It has been demonstrated that free delivery largely increases the amount of mail matter received in rural districts and sent out from them. Another growth, which has surprised even the government experts, is that of the money order and registered letter business. Carriers are now authorized to register letters and issue money orders. This is a convenience of great value to those who are located miles from any postoffice. The McKinley administration has won popular approval for many things, but perhaps no service it has rendered the public is likely to receive more cordial endorsement than the improvement of the mail service.

RESPECTED ABROAD.

Secretary Gage regards the talk of an international combination of European nations against the United States as idle, holding that such a combination is impossible. All nations, he says, have learned to dread war; they have found that it is expensive and exhausting, and that thrift and prosperity come only with peace and industry. The nations of the earth entertain more respect for the United

States now than at any period in its history. They have become amazed at its boundless resources, its strides in commerce, arts and industries. They are aware also that it is not less strong in men, money and the sinews of war. The world has a wholesome respect for us and prefers to cultivate our friendship rather than provoke our enmity.

Today's senatorial convention will be genuinely Republican, and therefore enthusiastic and harmonious.

The bulls and the bears of Wall street are figuring for a fight in which somebody is sure to get hurt.

Pettigrew railed at the plutocrats, but embraced the first opportunity to become one.

FAREWELL RECEPTION

To Be Tendered William Zook, Who Goes from the Sevres to the Knowles Plant.

William Zook, for many years employed at the Sevres China company plant, has resigned and will shortly take charge of the decorating kilns at the Edwin M. Knowles China company plant on the Southside.

During his employment at the old Sebring plant and later when it became the property of the Sevres company, Mr. Zook has become so popular with the employes that they regret to see him go.

His old employer, O. N. Ralston, has arranged for an elaborate reception upon his departure, which will be participated in by the entire decorating department.

In order not to be outdone, it is said, Mr. Zook will give the ladies of the department a farewell reception before entering upon his duties at the Knowles plant.

COCKING MAIN

One in Which 500 Birds Are to Enter Scheduled for May 30.

A big cocking main will be held on Line Island, near East Liverpool, on May 30, and about 500 birds will be entered. They will be from Lisbon, Galilee, New Cumberland, Steubenville, Alliance, Canton and Massillon, says the Lisbon Patriot. Three birds from Wheeling with national reputation, and also two from Allegheny, will be pitted in one contest. It is believed that more than 500 chickens will be entered in the different fights. It will be by all odds the greatest cocking match that has ever been held along the Ohio river if the authorities don't get together and stop it. They have fair warning and may be able to do so.

NOTICE TO TAXPAYERS.

The County Treasurer will be in East Liverpool at Jno. J. Purinton's office on May 17 and 18, 1901, for the purpose of receiving taxes.

FIFTY YEARS OLD.

NEW CUMBERLAND PRESBYTERIAN SEMI-CENTENNIAL.

A Four Days' Celebration Being Held This Week—Fifty Years' Growth.

The New Cumberland Presbyterians are celebrating the semi-centennial of their church this week. The exercises began on Sunday and will close on Wednesday evening, when Rev. J. D. Moffat, D. D., president of Washington & Jefferson college, will deliver an address on "Presbyterianism."

This church developed from a Sunday school which was organized at New Cumberland on April 28, 1851, by Rev. William W. Lavery, who died in 1865. He was the father of Rev. L. Finley Lavery, pastor of the First Presbyterian church of Wellsville. Mr. Lavery was invited by the New Cumberland church to preach at both services yesterday because of the fact that his father organized the Sunday school which later became the church. The elder Lavery was a student in Princeton university in 1851. During his vacation he was sent out by the American Sunday School Union to organize Sunday schools in West Virginia. The church at New Cumberland is one of the monuments to the zeal of the young Princeton student.

The church has a membership of 303. It has had but three pastors in its history. Rev. S. F. Grier, who was pastor from 1852 until he died in 1893, Rev. J. H. Sutherland, now a chaplain at Manila, in the United States army, who served five years, and Rev. A. D. McCulloch, who has been with the church about two years. Mr. McCulloch went to New Cumberland from the Long's Run Presbyterian church, near East Liverpool. Mr. McCulloch has paid off a debt of about \$6,000 since he became pastor. In 1888 a new church building was erected.

A history of the congregation has been written by John H. Atkinson, a lawyer, who was one of the original members of the congregation. His wife, who is an invalid, attended the services Sunday, though she had to be carried to and from the church in an invalid's chair.

THE G. A. R. ENCAMPMENT.

The Ohio encampment of the Ohio Grand Army of the Republic opens today at Bellefontaine. NEW CUMBERLAND PRESBYTERIAN SEMI-CENTENNIAL.

A Four Days' Celebration Being Held This Week—Fifty Years' Growth.

The New Cumberland Presbyterians are celebrating the semi-centennial of their church this week. The exercises began on Sunday and will close on Wednesday evening, when Rev. J. D. Moffat, D. D., president of Washington & Jefferson college, will deliver an address on "Presbyterianism."

This church developed from a Sunday school which was organized at New Cumberland on April 28, 1851, by Rev. William W. Lavery, who died in 1865. He was the father of Rev. L. Finley Lavery, pastor of the First Presbyterian church of Wellsburg. The church has a membership of 303. It has had but three pastors in its history. Rev. S. F. Grier, who was pastor from 1852 until he died in 1893, Rev. J. H. Sutherland, now a chaplain at Manila, in the United States army, who served five years, and Rev. A. D. McCulloch, who has been with the church about two years. Mr. McCulloch went to New Cumberland from the Long's Run Presbyterian church, near East Liverpool. Mr. McCulloch has paid off a debt of about \$6,000 since he became pastor. In 1888 a new church building was erected.

A history of the congregation has been written by John H. Atkinson, a lawyer, who was one of the original members of the congregation. His wife, who is an invalid, attended the services Sunday, though she had to be carried to and from the church in an invalid's chair.

DEAD BODY OF UNKNOWN MAN

Found Floating In the Ohio River
Near Sewer Pipe Works
at Walker.

CORPSE BADLY DECOMPOSED

Evident That It Had Been in the Water for Several Weeks—Nothing Found to Establish the Identity of the Dead Man—Buried Unidentified

The dead body of an unknown man was found floating in the Ohio river near Walker's this morning by John Lucoch, a Slav, who is employed at the sewer pipe works. Lucoch was in the act of dumping a wheelbarrow load of rubbish down over the hillside leading to the river, when his attention was attracted to the floating corpse.

Wading out into the river the Slav got hold of one of the dead man's legs and dragged him to shore. A rope was secured and the corpse anchored at the river bank, where it had been found.

Chief Thompson was immediately notified of the discovery and the township trustees were in turn apprised of the finding of the body. The chief was the first to reach the scene, but the "floaters" was not disturbed until Trustee Albright arrived. Health Officer Burgess also went down to take a look at the corpse, and he, together with Mr. Albright, made an investigation.

From all indications it is evident the body has been in the water several weeks. The face was so badly disfigured that it was impossible to tell anything as to the man's appearance in life. In fact it was a matter of conjecture to decide whether he was white or black. The swollen lips and nose indicated that he was a negro, but Health Officer Burgess, who has picked up many a "floaters," expressed the belief that the body was that of a white man.

It is believed the corpse had been fastened in driftwood or dragging along the shore for some time before being landed, as a piece of wood found by Mr. Burgess under a pocket of the dead man's vest and which was stuck into the cloth, indicated that he had been held fast. The thick coating of mud on his face also tended to prove the above theory.

From the mouth to the top of the head the slimy muck had so covered the features as to cloud out all semblances of a human countenance. While there is no possible means of stating with any authenticity the man's full description, it is the opinion of Chief Thompson and Mr. Burgess that the dead man is about 30 years of age. On one side of his nose there is evidence of a hirsute growth, by which it is judged the man wore a moustache. His height is about five feet eight inches and his weight is thought to be about 145 pounds. He wore a suit made of black worsted goods, the vest being double breasted. The shoes were worn through at the toes.

The arms of the corpse when found were extended above the head, which is said to be positive evidence that the man died while struggling to save himself.

Undertaker Rinehart was summoned to take charge of the body. When it was finally dragged from the water the corpse was found to be that of a white man. Mr. Rinehart expressed the belief that the man was about 45 years of age.

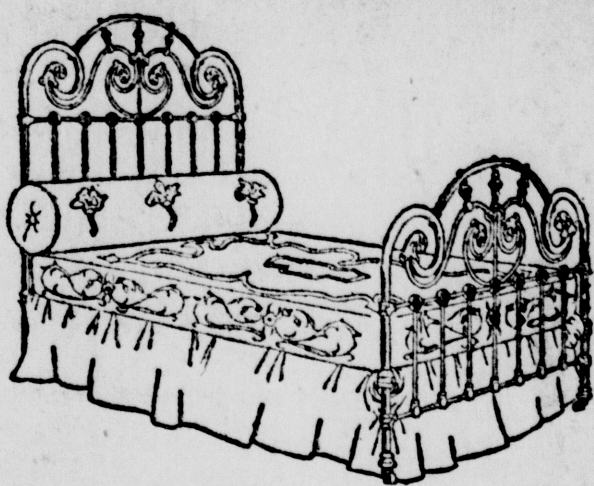

There were no marks of violence, and nothing was found in the pockets of the clothing to establish the dead man's identity. The body was interred in Spring Grove cemetery.

Great Interest Manifested—Things Proceeding Quietly And in Order.

The first election in the town of Chester is being held today. The affair up until 3 p. m. had passed off very quietly. There was only one carriage out to haul voters to the polls. Interest centered chiefly on the councilmanic race. No party lines were drawn, so it was simply a question of who were the best five of the 12 candidates to choose from.

A good many people amused themselves by slating the five, which in their opinion, would be chosen, but it was impossible to find two persons who slated alike. Some people intimate that when the votes are counted this evening there will be some surprises at the result.

NOW OUT IN ARIZONA

The President and His Party Were to Arrive at Phoenix This Morning.

THEME OF NEW MEXICANS

Statehood Their Cry—Chief Executive Given Warm Greeting at Deming—Exchange of Speeches With Representative of President Diaz.

Benson, Ariz., May 7.—The presidential special reached Benson about 8:35 o'clock last night. The station was illuminated and the president spoke a few words to the crowd. It was expected to reach Phoenix this morning.

El Paso, Tex., May 7.—American and Mexican flags were intertwined in the decorations of the plaza where the official greeting to President McKinley and his cabinet took place. The presence on the stand of General Hernandez, personal representative of President Diaz, and the governor of the state of Chihuahua, gave an international significance to the event. There were thousands of Mexicans in the vast concourse of people to whom the president spoke, and their enthusiasm was almost as wild as that of the Americans.

General Hernandez addressed the president on behalf of President Diaz, extending congratulations, and President McKinley, in his response, paid a high tribute to the president of the Mexican republic, and charged his emissary to convey to his chief his warm regard and personal esteem, with his best wishes for the continued prosperity of our sister republic. The president's speech was very happy, and was especially notable on account of his injunction to the people not to be alarmed about "imperialism." There was, he said, no imperialism except the imperial power of the sovereign people of the United States. The governor of Chihuahua also warmly welcomed the president to the border. The exercises in the plaza were preceded by a military parade.

The women of the cabinet crossed the Rio Grande to Juarez, where they were tendered a breakfast by Juan Ochoa, a prominent Mexican banker. Mrs. McKinley did not attend the breakfast, but enjoyed a short drive. Members of the cabinet also spoke. At the conclusion of the addresses the party, including the Mexican officials, went for a drive. The president expressed a desire to take a look over into Mexico, and was driven down to the International bridge. There, at the American customs office, he alighted and chatted for some time with those around him. The old church of Guadalupe, more than 300 years old, the Spanish prison and other interesting buildings in Juarez were pointed out to him. From the bridge he could plainly see the Sierra Madre mountains, 60 miles to the southward. President Harrison, in 1891, went half way across the bridge, but President McKinley did not so much as set foot upon the structure. On the way back to the city the party stopped and cheered the Mexican consulate.

Deming, N. M., May 7.—Shortly after leaving El Paso the presidential train crossed the line into New Mexico and ran through the grazing section of the territory. It was a hot and dusty ride. The first stop in the territory was made at Deming, where the president was welcomed by Governor Otero and his staff. There was a big crowd and a band at the station and the president was given a warm greeting.

W. M. Perger, president of the New Mexico Press Association, had met the party at El Paso and accompanied the train across the territory. The address of welcome at Deming was largely devoted to New Mexico's claim for statehood. A broad banner above the train read: "New Mexico demands statehood." The president spoke briefly.

MINERS' COMMITTEE PLEADED.

Snyder Said He Would Do All He Could For Their Bills.

Harrisburg, May 7.—A committee of miners, consisting of John Fahy, president of district No. 9, United Mine Workers of America; John Williams, John P. Karney, Thomas J. Richards and T. J. Llewellyn, held a conference with Senator Snyder, of Chester, last night in regard to the mining bills that are now in the senate committee on mines and mining. Mr. Snyder, by virtue of his position as president pro tem of the senate, is an ex officio member of the committee. The conference was held behind closed doors, and at its conclusion Mr. Fahy said the committee had a "very satisfactory interview and is highly pleased."

Senator Snyder had little to give out as to what took place at the conference. He, however, said he assured the miners that he would do all he could to have the bills reported from committee. The question of marching was touched upon and the delegation informed the senator that the miners were anxious to come here. Mr. Fahy, after the meeting, refused to say whether or not the miners would march here and make a demonstration, but it is generally believed that such a movement will not take place.

The senate committee on mines

and mining will hold a meeting tonight.

NEW POPE NOT NOMINATED.

Washington Catholics Refute That Pope Leo Chose a Successor.

Washington, May 7.—Members of the Catholic church in Washington deny in the most emphatic terms the story cabled to this country from Rome that the pope has nominated his successor. They say the story is absolutely without foundation.

According to the law of the church the successor to the pope has been selected by the College of Cardinals, and it is stated that this will be the course taken when Pope Leo designs as the head of the Catholic church.

A TREASURER MISSING.

Bank at Cleveland Suspended Payments.

Cleveland, May 7.—The doors of the Cuyahoga Savings and Banking company, at 1461 Woodland avenue were not opened for business Monday. The following notice was posted on the window:

"On account of the continued absence of H. N. Pollock, the treasurer the directors have concluded to suspend payment until such time as they can make an examination of their affairs. It is confidently expected that every depositor will be paid in full."

Hundreds of depositors, mostly working people, gathered around the bank soon after the notice was displayed, clamoring for their money.

The American Trust company was made a receiver for the Cuyahoga Savings and Banking company, and has taken possession of the affairs of the bank. Because of the failure of the bank the United States Carbon company, of Cleveland, is involved, and a receiver for that concern, Walter D. Sayle, has also been appointed, who has given bond in the sum of \$100,000. Accountants are at work on the books of the Cuyahoga bank. The immediate cause leading up to the closing of the bank was found in the fact that one of the largest depositors called at the bank Saturday night and asked permission to withdraw \$22,000. The money was not forthcoming. Fearing a run on the bank when this should become known, a meeting of the directors decided to close the doors.

A sister of President R. N. Pollock, of the bank, has returned from New York city, unable to find him. It is said that the bank had more than \$100,000 worth of paper that was to all intents and purposes worthless. The location of the bank is about two miles from the downtown section of the city, and its depositors were mostly for small sums.

GANNON EJECTED FROM JAIL.

Court Forced a Prisoner to Leave Against His Will.

Scranton, Pa., May 7.—James Gannon, who had served about seven years in the county jail for contempt of court, was ejected from prison by order of the court. He was imprisoned for refusing to attach his signature to a paper which would sign away property, which he claimed was his. The court a few months ago ruled, but there was no law empowering the county to release Gannon unless he attached his signature, which he still refused to do.

About a month ago a bill was passed by the state legislature covering Gannon's case, and which was intended to take him out of prison. When the order to give him his liberty was imparted to Gannon about two weeks ago he refused to attach his signature. The court stepped in and signed Gannon's name, and ejected him from jail.

BODIES WERE FOUND.

Recovered From the River At Jacksonville, Fla.

Jacksonville, Fla., May 6.—The body of Harry Bonnetheau, a real estate dealer, was recovered from the St. Johns river. Mr. Bonnetheau's widow and son are supposed to be in New York city. The bodies of two negroes were also recovered. All are victims of Friday's disastrous fire.

There are many rumors of further loss of life; but, owing to the departure of thousands of people from the city, it will be impossible for several days to verify the reports unless the bodies are found.

Mayor Bowden issued a request that all sightseers remain away from Jacksonville. It is feared that the vast army of idle negroes may cause some trouble, and it is believed that all those who will not go to work at \$1 a day and rations will be deported. Martial law continues to be rigidly enforced.

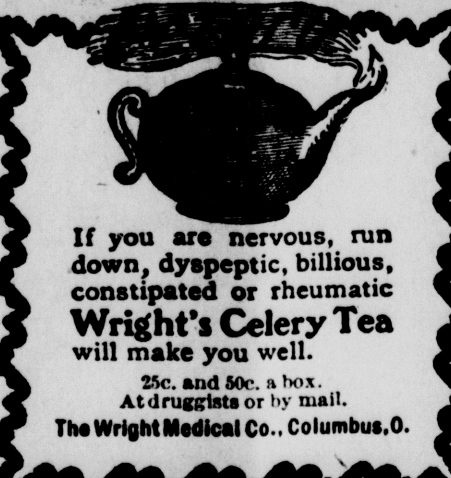

ORDERED TO SAMAR.

Hughes to Try and Negotiate Surrender of Lukban.

Manila, May 7.—The island of Samar, one of the Visayan group, was transferred from the department commanded by General Wade to that commanded by General Hughes. General Hughes has been ordered personally to Samar, and if he is unsuccessful in negotiating the surrender of the insurgent General Lukban, the force of American troops in Samar will be largely increased and a vigorous offensive campaign will be inaugurated.

NOW OUT IN ARIZONA

The President and His Party Were to Arrive at Phoenix This Morning.

THEME OF NEW MEXICANS

Statehood Their Cry—Chief Executive Given Warm Greeting at Deming. Exchange of Speeches With Representative of President Diaz.

Benson, Ariz., May 7.—The presidential special reached Benson about 8:35 o'clock last night. The station was illuminated and the president spoke a few words to the crowd. It was expected to reach Phoenix this morning.

El Paso, Tex., May 7.—American and Mexican flags were intertwined in the decorations of the plaza where the official greeting to President McKinley and his cabinet took place. The presence on the stand of General Hernandez, personal representative of President Diaz, and the governor of the state of Chihuahua, gave an international significance to the event. There were thousands of Mexicans in the vast concourse of people to whom the president spoke, and their enthusiasm was almost as wild as that of the Americans.

General Hernandez addressed the president on behalf of President Diaz, extending congratulations, and President McKinley, in his response, paid a high tribute to the president of the Mexican republic, and charged his emissary to convey to his chief his warm regard and personal esteem, with his best wishes for the continued prosperity of our sister republic. The president's speech was very happy, and was especially notable on account of his injunction to the people not to be alarmed about "imperialism." There was, he said, no imperialism except the imperial power of the sovereign people of the United States. The governor of Chihuahua also warmly welcomed the president to the border. The exercises in the plaza were preceded by a military parade.

The women of the cabinet crossed the Rio Grande to Juarez, where they were tendered a breakfast by Juan Ochoa, a prominent Mexican banker. Mrs. McKinley did not attend the breakfast, but enjoyed a short drive. Members of the cabinet also spoke. At the conclusion of the addresses the party, including the Mexican officials, went for a drive. The president expressed a desire to take a look over into Mexico, and was driven down to the International bridge. There, at the American customs office, he alighted and chatted for some time with those around him. The old church of Guadalupe, more than 300 years old, the Spanish prison and other interesting buildings in Juarez were pointed out to him. From the bridge he could plainly see the Sierra Madre mountains, 60 miles to the southward. President Harrison, in 1891, went half way across the bridge, but President McKinley did not so much as set foot upon the structure. On the way back to the city the party stopped and cheered the Mexican consulate.

Deming, N. M., May 7.—Shortly after leaving El Paso the presidential train crossed the line into New Mexico and ran through the grazing section of the territory. It was a hot and dusty ride. The first stop in the territory was made at Deming, where the president was welcomed by Governor Otero and his staff. There was a big crowd and a band at the station and the president was given a warm greeting. W. M. Penger, president of the New Mexico Press Association, had met the party at El Paso and accompanied the train across the territory. The address of welcome at Deming was largely devoted to New Mexico's claim for statehood. A broad banner above the train read: "New Mexico demands statehood." The president spoke briefly.

MINERS' COMMITTEE PLEASSED. Snyder Said He Would Do All He Could For Their Bills. Harrisburg, May 7.—A committee of miners, consisting of John Fahy, president of district No. 9, United Mine Workers of America; John Williams, John P. Karney, Thomas J. Richards and T. J. Llewellyn, held a conference with Senator Snyder, of Chester, last night in regard to the mining bills that are now in the senate committee on mines and mining. Mr. Snyder, by virtue of his position as president pro tem of the senate, is an ex officio member of the committee. The conference was held behind closed doors, and at its conclusion Mr. Fahy said the committee had a "very satisfactory interview and is highly pleased."

Senator Snyder had little to give out as to what took place at the conference. He, however, said he assured the miners that he would do all he could to have the bills reported from committee. The question of marching was touched upon and the delegation informed the senator that the miners were anxious to come here. Mr. Fahy, after the meeting, refused to say whether or not the miners would march here and make a demonstration, but it is generally believed that such a movement will not take place. The senate committee on mines

and mining will hold a meeting to-night.

NEW POPE NOT NOMINATED.

Washington Catholics Refute That Pope Leo Chose a Successor.

Washington, May 7.—Members of the Catholic church in Washington deny in the most emphatic terms the story cabled to this country from Rome that the pope has nominated his successor. They say the story is absolutely without foundation. According to the law of the church the successor to the pope has been selected by the College of Cardinals, and it is stated that this will be the course taken when Pope Leo designs as the head of the Catholic church.

A TREASURER MISSING.

Bank at Cleveland Suspended Payments.

Cleveland, May 7.—The doors of the Cuyahoga Savings and Banking company, at 1461 Woodland avenue were not opened for business Monday. The following notice was posted on the window:

"On account of the continued absence of H. N. Pollock, the treasurer the directors have concluded to suspend payment until such time as they can make an examination of their affairs. It is confidently expected that every depositor will be paid in full."

Hundreds of depositors, mostly working people, gathered around the bank soon after the notice was displayed, clamoring for their money.

The American Trust company was made a receiver for the Cuyahoga Savings and Banking company, and has taken possession of the affairs of the bank. Because of the failure of the bank the United States Carbon company, of Cleveland, is involved, and a receiver for that concern, Walter D. Sayle, has also been appointed, who has given bond in the sum of \$100,000. Accountants are at work on the books of the Cuyahoga bank. The immediate cause leading up to the closing of the bank was found in the fact that one of the largest depositors called at the bank Saturday night and asked permission to withdraw \$22,000. The money was not forthcoming. Fearing a run on the bank when this should become known, a meeting of the directors decided to close the doors.

A sister of President R. N. Pollock, of the bank, has returned from New York city, unable to find him. It is said that the bank had more than \$100,000 worth of paper that was to all intents and purposes worthless. The location of the bank is about two miles from the downtown section of the city, and its depositors were mostly for small sums.

GANNON EJECTED FROM JAIL.

Court Forced a Prisoner to Leave Against His Will.

Scranton, Pa., May 7.—James Gannon, who had served about seven years in the county jail for contempt of court, was ejected from prison by order of the court. He was imprisoned for refusing to attach his signature to a paper which would sign away property, which he claimed was his. The court a few months ago ruled, but there was no law empowering the county to release Gannon unless he attached his signature, which he still refused to do.

About a month ago a bill was passed by the state legislature covering Gannon's case, and which was intended to take him out of prison. When the order to give him his liberty was imparted to Gannon about two weeks ago he refused to attach his signature. The court stepped in and signed Gannon's name, and ejected him from jail.

BODIES WERE FOUND.

Recovered From the River At Jacksonville, Fla.

Jacksonville, Fla., May 6.—The body of Harry Bonnetreau, a real estate dealer, was recovered from the St. Johns river. Mr. Bonnetreau's widow and son are supposed to be in New York city. The bodies of two negroes were also recovered. All are victims of Friday's disastrous fire.

There are many rumors of further loss of life; but owing to the departure of thousands of people from the city, it will be impossible for several days to verify the reports unless the bodies are found.

Mayor Bowden issued a request that all sightseers remain away from Jacksonville. It is feared that the vast army of idle negroes may cause some trouble, and it is believed that all those who will not go to work at \$1 a day and rations will be deported. Martial law continues to be rigidly enforced.

ORDERED TO SAMAR.

Hughes to Try and Negotiate Surrender of Lukban.

Manila, May 7.—The island of Samar, one of the Visayan group, was transferred from the department commanded by General Wade to that commanded by General Hughes. General Hughes has been ordered personally to Samar, and if he is unsuccessful in negotiating the surrender of the insurgent General Lukban, the force of American troops in Samar will be largely increased and a vigorous offensive campaign will be inaugurated.

NEUTRALITY IN FAVOR

The Consensus of Opinion Among Members of the United States Senate.

COMMUNICATED TO ENGLAND

Views of Senate Members Believed in Washington to Be the Real Substance of the Document Communicated to England.

London, May 7.—The Associated Press has been officially notified that Lord Pauncefoot has received from Secretary Hay the draft of a new Nicaragua canal treaty. It is understood that it advises neutrality.

Washington, May 7.—It was learned from an authoritative source that before Secretary Hay left here for the west he had several conferences with Lord Pauncefoot relative to the basis for another isthmian canal treaty, and that an unofficial written memorandum also was submitted to Lord Pauncefoot on the subject. The ambassador has made known the general results of these conversations and of the memorandum to the authorities in London, and it is doubtless to this that allusion is made in the London dispatches. It is said, however, that the negotiations are so tentative and informal that they are not regarded as an official exchange or proposition. What they embody is not made known here, though it is understood that they are chiefly an expression of the views held by United States senators as to the essential features which should be included in the treaty. While this is not a proffer of a treaty it conveys to the British authorities what is considered essential by the senators, who control the ratification of any treaty which will be made. It also is learned indirectly from senators who have been consulted that among the chief features in the negotiations are a neutralizing of the canal, the United States alone undertaking to guarantee this neutrality and the admission of all shipping on an equal basis with that of the United States.

Although, as stated, these conferences and the written memorandum have been exchanged, it is not expected that there will be any further negotiations prior to Lord Pauncefoot's departure for London, which occurs on June 5, or during his absence. The British embassy will remove to Newport as soon as the ambassador leaves. Mr. Gerard A. Lowther will be British chargé d'affaires during Lord Pauncefoot's absence.

SOME NEWS IN BRIEF.

General Sumner with 900 men has burned the camp of the outlaw Filipinos, General Cailles, in the Philippines, and scattered his men to the mountains.

John Nuss, who four months ago disappeared from his home, No. 3207 Sansom street, Philadelphia, was probably murdered for \$200 which he carried in his clothing. His body was found in the river near Norris-town.

After endeavoring to obtain possession of the property for years, the Drexels have finally succeeded in purchasing the Independence National bank building, Philadelphia. The transfer is recorded as having been made to John R. Drexel for \$140,000. The building was vacated several days ago when the Independence bank was merged with the Girard National bank in Third street, below Chestnut.

Workmen are now busy on the white house painting the building from top to bottom. On the inside men and women are busy cleaning up the rooms, taking down the draperies and fixing up the executive mansion for the summer. When the president returns from his Pacific coast trip he will find everything at the white house ready for his occupancy, for during his absence the house will be put through a thorough renovation and made as cool and attractive as possible.

The master's report at Philadelphia recommending that a divorce be granted to Dr. Clement Biddle, of the United States navy, from his wife, Palma Morris Biddle, was approved and a decree entered accordingly in common pleas court No. 3. There was no proceeding whatever in the court. Neither Dr. nor Mrs. Biddle appeared. The Biddles are well known to this country and Europe, Dr. Biddle being a member of one of Philadelphia's most exclusive families. Mrs. Biddle's theatrical pretensions are said to have been the cause of the separation.

A sensational kidnapping case, with an American woman as the chief figure, has developed at Vienna. Madame Bertha Benoit secured a divorce from her husband, an Austrian, in Boston. She was awarded custody of their child. The husband carried the latter to Austria and the wife, determined to get possession of her offspring, tracked her former husband through Europe. She finally secured the child and fled to the American consulate at Vienna. The husband has taken the case to the Austrian court in an endeavor to gain possession of the child. The American consul promises protection to Mrs. Benoit no matter how the Austrian courts decide.

ADVANCE RENEWED.

Great Volume Attended the Movement in the Stock Market on Monday.

New York, May 7.—The interrupted speculative advance was renewed Monday with great violence, the speculative holders of stocks apparently having been entirely reassured by the check of the reaction which was achieved on Saturday. The urgent selling which was in evidence Friday afternoon, not only on the part of forced sellers whose loans had been called or whose margins had been wiped out, but of those who feared that they would be, was entirely lacking Monday morning. Those who still had their stocks held them with determination, while those who had come to grief seemed to be returning in vast hordes to make good their losses, reinforced by an increasing tide of new speculators.

Opening sales were of 1,000 to 25,000 shares in separate stocks at extreme advances of from 1 to 4 1/4 points and at prices in some instances varying as much as 2 points on simultaneous sales. The grangers, Pacifics, trunk lines and Southwesterns proved to be the most active stocks. There was a continued dearth of news to account for the strength of the market in general, or Northern Pacific in particular. Consolation continued to be the magic word to influence the trading. There was even a wild rumor that all the great railroad interests whose supposed contest for control have caused the recent violent movements in prices had come to a compromise and were about to consolidate all the principal railroad systems of the whole country. This narrowed down somewhat to more specific reports of progress in the Southwestern merger and of further steps towards the adjustment of relations in the Northern railroad deal.

Long strings of 1,000 to 6,000 share blocks were recorded, but the successive price changes did not exceed three-fourths of a point after the opening, when the second sale was made at a jump of 2 1/2 points over the first sale which was 4 points over Saturday. The movement in Canadian Pacific was apparently sympathetic and reached an extreme of 13 1/4.

The buying of Northern Pacific was very concentrated, a single house being credited with the purchase of as much as 150,000 shares. It is a house which has been prominent in all the recent notable movements of railroad stocks. The day's business was well over 2,000,000 shares, but was half a million less than on any full day's trading last week.

Bonds were comparatively quiet, outside of the price movement in the convertible bonds. The general tone was strong. Total sales, par value, \$3,770,000.

U. S. new 4s declined 3/4, the 3s 1/4 and the old 4s 1/8 per cent on the last call.

THEY PRACTICED SHOOTING.

Attempt to Prove Good Relations Between Eastman and Grogan.

Cambridge, Mass., May 7.—The thirteenth day of the Eastman murder trial was spent by the defense in piling up additional evidence to support the contention that relations between the defendant and the victim of the shooting, Richard H. Grogan, Jr., were at all times pleasant. No mention was made of rim-fire or center-fire bullets or revolvers. The incidents of the fatal day were scarcely touched upon.

The evidence showed that the families were at all times congenial; that the two men enjoyed many athletic sports together. But the sport which mostly took their fancy was shooting at a mark.

Mrs. Eastman, wife of the defendant, took the stand just before the close of the afternoon session and had not finished when court adjourned.

DISPUTE OVER QUEEN'S GIFT.

Mrs. West Claims Maine Flag and So Does Baker.

London, May 7.—A dispute has arisen as to the ownership of the flag which Queen Victoria presented to the hospital ship Maine. Mrs. George Cornwallis West (Lady Randolph Churchill) asserts that it belongs to her and Mr. Bernard Baker, owner of the vessel, declares that it is his property. The flag is now in Lady Randolph's possession.

It seems that while the Maine was still in service as a hospital ship Mr. Baker gave orders that the flag should be surrendered to no one without an order from himself. The officer in charge of the ship, a few days later, sent it to Lady Randolph upon her written request. He was dismissed for disobedience and Mr. Baker requested Lady Randolph to return the flag to him, which she, in spite of more importunate requests and demands, has failed to do.

Lady Randolph claims the flag as her own, but has intimated her willingness to send it to the United States government, to be placed as a relic in some national museum.

AT THE WEST END.

Items of Interest Picked Up in the Western Portion of the City.

Miss Mary Earle, of Seventh street, is ill, threatened with typhoid fever.

Mrs. D. F. McGhie, of Eighth street, has moved her household goods to Wellsville.

Mrs. John Cross has moved her household effects from Fairview street to Third street.

Mrs. Sloan Paisley and son, Paul, of Lisbon, O., spent Sunday visiting at the home of Armour Pearce.

Work on the stilt works at the Franklin street crossing is progressing rapidly. The kiln is almost completed.

Mrs. A. Hunter left Saturday night for Sistersville, W. Va. The lady is 82 years of age yet she made the trip alone.

J. H. Mason, pastor of the A. M. E. church, returned Saturday evening from Van Wert, O., where he had been attending a convention during the week.

Will Arb, who was seriously injured by being thrown under a freight train which he was trying to ride Friday, is much improved, though not yet able to be at work. He says he will let freight trains alone hereafter.

Clarence Hunter, of Wellsville, who formerly resided in the West End, was calling on friends there yesterday and distributing cigars and chewing gum. His friends were very much surprised at his apparent extravagance, but he explained to them that a son had arrived at his home Sunday night, and they were satisfied.

CAN'T EVADE IT.

Positive Proof From East Liverpool Can't Be Brushed Lightly Aside.

The reader is forced to acknowledge that convincing proof in his own city is preeminently ahead of endorsements from everywhere else in our republic. Read this:

Mr. W. P. Cochran, of Mulberry street, East End, says: "At intervals for 30 years I had serious kidney and bladder trouble. The agony I went through can hardly be described. Many nights I rolled from one side to another trying to find an easy position for my back. I could not move without having sharp twinges of pain, and I was also troubled with urinary difficulty, the secretions being very irregular, and at times very distressing. I ran down so that I could hardly help myself. Doctors treated me. I took a power of stuff, and I had given up all hope of being cured when I saw Doan's Kidney Pills advertised as a never failing remedy. I got a box at W. & W. pharmacy, and after taking half of it I could see some improvement. I continued and the treatment did me more good than anything I ever used."

Sold for 50 cents per box by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Sciatic Rheumatism Cured After Fourteen Years of Suffering.

"I have been afflicted with sciatic rheumatism for fourteen years," says Josh Edgar, of Germantown, Cal. "I was able to be around, but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Palm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well? It is for sale by Alvin H. Bulger, drug gist.

Hopeless and Helpless.

The consequences of a diseased condition of the stomach and digestive and nutritive system are most disastrous to the whole body. One by one every organ may become involved. The misery is maddening. The most extreme cases of "stomach trouble" and the evils resulting from it have been cured by Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, purifies the blood and builds up the body with sound healthy flesh.

"I was taken with severe headache," writes Thomas A. Swarts, Box 103, Sub-Station C, Columbus, Ohio, then cramps in the stomach, and my food would not digest, then kidney and liver trouble, and my back got weak so I could scarcely get around. I just gave money to the doctors whenever I thought they would do me any good, but the more I doctored the worse I got until six years passed. I had become so poorly I could only walk in the house by the aid of chair, and I got so thin I had given up to die, thinking that I could not be cured. Then I saw one of my neighbor boys and he said, "Take my advice and take Dr. Pierce's Golden Medical Discovery and make a new man out of yourself." The first bottle helped me so I thought I would get another, and after I had taken eight bottles in about six weeks I was weighed and found I had gained twenty-seven (27) pounds. I have done more hard work in the past eleven months than I did in two years before, and I am as stout and healthy to-day, I think, as I ever was."

NEUTRALITY IN FAVOR

The Consensus of Opinion Among Members of the United States Senate.

COMMUNICATED TO ENGLAND

Views of Senate Members Believed in Washington to Be the Real Substance of the Document Communicated to England.

London, May 7.—The Associated Press has been officially notified that Lord Pauncefoot has received from Secretary Hay the draft of a new Nicaragua canal treaty. It is understood that it advises neutrality.

Washington, May 7.—It was learned from an authoritative source that before Secretary Hay left here for the west he had several conferences with Lord Pauncefoot relative to the basis for another isthmian canal treaty, and that an unofficial written memorandum also was submitted to Lord Pauncefoot on the subject. The ambassador has made known the general results of these conversations and of the memorandum to the authorities in London, and it is doubtless to this that allusion is made in the London dispatches. It is said, however, that the negotiations are so tentative and informal that they are not regarded as an official exchange or proposition. What they embody is not made known here, though it is understood that they are chiefly an expression of the views held by United States senators as to the essential features which should be included in the treaty. While this is not a proffer of a treaty it conveys to the British authorities what is considered essential by the senators, who control the ratification of any treaty which will be made. It also is learned indirectly from senators who have been consulted that among the chief features in the negotiations are a neutralizing of the canal, the United States alone undertaking to guarantee this neutrality and the admission of all shipping on an equal basis with that of the United States.

Although, as stated, these conferences and the written memorandum have been exchanged, it is not expected that there will be any further negotiations prior to Lord Pauncefoot's departure for London, which occurs on June 5, or during his absence. The British embassy will remove to Newport as soon as the ambassador leaves. Mr. Gerard A. Lowther will be British charge d'affaires during Lord Pauncefoot's absence.

SOME NEWS IN BRIEF.

General Sumner with 900 men has burned the camp of the outlaw Filipino, General Cailles, in the Philippines, and scattered his men to the mountains.

John Nuss, who four months ago disappeared from his home, No. 3207 Sansom street, Philadelphia, was probably murdered for \$200 which he carried in his clothing. His body was found in the river near Norris-town.

After endeavoring to obtain possession of the property for years, the Drexels have finally succeeded in purchasing the Independence National bank building, Philadelphia. The transfer is recorded as having been made to John R. Drexel for \$140,000. The building was vacated several days ago when the Independence bank was merged with the Girard National bank in Third street, below Chestnut.

Workmen are now busy on the white house painting the building from top to bottom. On the inside men and women are busy cleaning up the rooms, taking down the draperies and fixing up the executive mansion for the summer. When the president returns from his Pacific coast trip he will find everything at the white house ready for his occupancy, for during his absence the house will be put through a thorough renovation and made as cool and attractive as possible.

The master's report at Philadelphia recommending that a divorce be granted to Dr. Clement Biddle, of the United States navy, from his wife, Palma Morris Biddle, was approved and a decree entered accordingly in common pleas court No. 3. There was no proceeding whatever in the court. Neither Dr. nor Mrs. Biddle appeared. The Biddles are well known to this country and Europe. Dr. Biddle being a member of one of Philadelphia's most exclusive families. Mrs. Biddle's theatrical pretensions are said to have been the cause of the separation.

A sensational kidnapping case, with an American woman as the chief figure, has developed at Vienna. Madame Bertha Benoit secured a divorce from her husband, an Austrian, in Boston. She was awarded custody of their child. The husband carried the latter to Austria and the wife, determined to get possession of her offspring, tracked her former husband through Europe. She finally secured the child and fled to the American consulate at Vienna. The husband has taken the case to the Austrian court in an endeavor to gain possession of the child. The American consul promises protection to Mrs. Benoit no matter how the Austrian courts decide.

ADVANCE RENEWED.

Great Volume Attended the Movement in the Stock Market on Monday.

New York, May 7.—The interrupted speculative advance was renewed Monday with great violence, the speculative holders of stocks apparently having been entirely reassured by the check of the reaction which was achieved on Saturday. The urgent selling which was in evidence Friday afternoon, not only on the part of forced sellers whose loans had been called or whose margins had been wiped out, but of those who feared that they would be, was entirely lacking Monday morning. Those who still had their stocks held them with determination, while those who had come to grief seemed to be returning in vast hordes to make good their losses, reinforced by an increasing tide of new speculators.

Opening sales were of 1,000 to 25,000 shares in separate stocks at extreme advances of from 1 to 4 1/2 points and at prices in some instances varying as much as 2 points on simultaneous sales. The grangers, Pacifics, trunk lines and Southwesterns proved to be the most active stocks. There was a continued dearth of news to account for the strength of the market in general, or Northern Pacific in particular. Consolidation continued to be the magic word to influence the trading. There was even a wild rumor that all the great railroad interests whose supposed contest for control have caused the recent violent movements in prices had come to a compromise and were about to consolidate all the principal railroad systems of the whole country. This narrowed down somewhat to more specific reports of progress in the Southwestern merger and of further steps towards the adjustment of relations in the Northern railroad deal.

Long strings of 1,000 to 6,000 share blocks were recorded, but the successive price changes did not exceed three-fourths of a point after the opening, when the second sale was made at a jump of 2 1/2 points over the first sale which was 4 points over Saturday. The movement in Canadian Pacific was apparently sympathetic and reached an extreme of 13 3/4.

The buying of Northern Pacific was very concentrated, a single house being credited with the purchase of as much as 150,000 shares. It is a house which has been prominent in all the recent notable movements of railroad stocks. The day's business was well over 2,000,000 shares, but was half a million less than on any full day's trading last week.

Bonds were comparatively quiet, outside of the price movement in the convertible bonds. The general tone was strong. Total sales, par value, \$3,770,000.

U. S. new 4s declined 3/4, the 3s 1/4 and the old 4s 1/8 per cent on the last call.

THEY PRACTICED SHOOTING.

Attempt to Prove Good Relations Between Eastman and Grogan.

Cambridge, Mass., May 7.—The thirteenth day of the Eastman murder trial was spent by the defense in piling up additional evidence to support the contention that relations between the defendant and the victim of the shooting, Richard H. Grogan, Jr., were at all times pleasant. No mention was made of rim-fire or center-fire bullets or revolvers. The incidents of the fatal day were scarcely touched upon.

The evidence showed that the families were at all times congenial; that the two men enjoyed many athletic sports together. But the sport which mostly took their fancy was shooting at a mark.

Mrs. Eastman, wife of the defendant, took the stand just before the close of the afternoon session and had not finished when court adjourned.

DISPUTE OVER QUEEN'S GIFT.

Mrs. West Claims Maine Flag and So Does Baker.

London, May 7.—A dispute has arisen as to the ownership of the flag which Queen Victoria presented to the hospital ship Maine. Mrs. George Cornwallis West (Lady Randolph Churchill) asserts that it belongs to her and Mr. Bernard Baker, owner of the vessel, declares that it is his property. The flag is now in Lady Randolph's possession.

It seems that while the Maine was still in service as a hospital ship Mr. Baker gave orders that the flag should be surrendered to no one without an order from himself. The officer in charge of the ship, a few days later, sent it to Lady Randolph upon her written request. He was dismissed for disobedience and Mr. Baker requested Lady Randolph to return the flag to him, which she, in spite of more importunate requests and demands, has failed to do.

Lady Randolph claims the flag as her own, but has intimated her willingness to send it to the United States government, to be placed as a relic in some national museum.

J. H. Mason, pastor of the A. M. E. church, returned Saturday evening from Van Wert, O., where he had been attending a convention during the week.

Will Arb, who was seriously injured by being thrown under a freight train which he was trying to ride Friday, is much improved, though not yet able to be at work. He says he will let freight trains alone hereafter.

Clarence Hunter, of Wellsville, who formerly resided in the West End, was calling on friends there yesterday and distributing cigars and chewing gum. His friends were very much surprised at his apparent extravagance, but he explained to them that a son had arrived at his home Sunday night, and they were satisfied.

CAN'T EVADE IT.

Positive Proof From East Liverpool Can't Be Brushed Lightly Aside.

The reader is forced to acknowledge that convincing proof in his own city is preeminently ahead of endorsements from everywhere else in our republic. Read this:

Mr. W. P. Cochran, of Mulberry street, East End, says: "At intervals for 30 years I had serious kidney and bladder trouble. The agony I went through can hardly be described. Many nights I rolled from one side to another trying to find an easy position for my back. I could not move without having sharp twinges of pain, and I was also troubled with urinary difficulty, the secretions being very irregular, and at times very distressing. I ran down so that I could hardly help myself. Doctors treated me. I took a power of stuff and I had given up all hope of being cured when I saw Doan's Kidney Pills advertised as a never failing remedy. I got a box at W. & W. pharmacy, and after taking half of it I could see some improvement. I continued and the treatment did me more good than anything I ever used."

ST. STEPHEN'S CHURCH.

Phenomenal Growth And Prosperity Shown by the Year's Reports.

The parish meeting of St. Stephen's Protestant Episcopal church last evening was large and enthusiastic. The treasurer reported receipts as follows: For salaries and expenses, \$1,649.97; debt on rectory, \$211; amount received from society, \$145; amount for missions, \$116.90; cash received for new building fund, \$8,675.08; total cash received, \$10,797.95; number of members, 265; total cost of new church, \$22,858; indebtedness, \$3,944, less unpaid pledges and cash, \$3,556.78; total indebtedness, \$5,387.22; assets, value of church property, \$40,000; insurance on property, \$19,000.

The Sunday school report showed: Scholars, 199; teachers, 17; amount cash received, \$550.04; average per Sunday, \$10.59; average per scholar, \$2.54; devoted to new church, one brass lectern, \$150; one marble font, \$145; towards building fund, \$59.89; missions, \$82.50; one set of banners, \$31.13; expenses, \$81.52.

Satisfactory reports were read and received from the following societies: Ladies' Guild, Embroidery Circle, Girls' Friendly, Juvenile Workers, Brotherhood St. Andrew and Bible Class association. A vote of thanks was tendered the rector, vestry and all church workers. The old vestry was unanimously reelected for the coming year as follows: Christopher Horton, senior warden; Arthur Underwood, junior warden; vestrymen, Albert Carns, John Shingler, James Bloor, Herbert Rowbotham and William Swindles. The following delegates were appointed to attend the next diocese and convention which will be held at Cleveland Tuesday and Wednesday, May 21 and 22: William Swindles, Priestley Hindle and James Bloor; alternates, Thomas Stoddard, John Shingler, William Lynch, George Smith was unanimously elected layreader for the coming year.

Anxious to Be His Friend.

"There are plenty of men in this world," said the head of the firm, addressing the clerk he had summoned into the private office, "who can trace their successes directly to what they at first considered failures. I knew a man who 20 years ago was a clerk in a clothing store. His employer discharged him for incompetency. He went through all the clothing stores in town trying to get another job, but couldn't find one, and at last, almost starved, he got a place as a brakeman on one of the railroads. Today he is practically the head of that road, draws a salary of \$25,000 a year and regards the man who discharged him long ago as the best friend he ever had. Now, he is only one of hundreds of men who have had similar experiences. So you see what at first seems a misfortune may often be a real blessing in disguise."

The young man hid a yawn behind his hand and, thinking of the live broiled lobster he had the night before helped a certain soft eyed creature to remove from the scene, languidly replied:

"Yes; I know that has frequently happened. Did you want to speak to me about anything in particular this morning, Mr. Yamsley?"

"Oh, no; nothing of special importance," the old gentleman replied, "only I'm going to give you a chance to look back some day and regard me as your best friend. Goodbye. I hope you'll have all kinds of success whatever you decide to go at."—Chicago Herald.

OPENING GAME A WARM ONE

Lasted For Eleven Innings and the Final Score Stood 9 to 8.

WEST ENDERS PLAYED FINELY

And the Crockery City Team Almost Met Its Match—A 6 to 6 Tie Was the Situation at the Opening of the Eighth Inning.

The opening game of the season at Rock Springs park yesterday was a hot one. It was only after 11 hard-fought innings that the Crockery City team succeeded in defeating the West End Athletic club by the modest score of 9 to 8.

Shortstop Stillwell, of the West End team, had put up a brilliant game throughout. He had taken all kinds of chances and had gotten through without an error until the last half of the eleventh inning, when by a wild throw to first he allowed the winning run to score.

The West End team, while it is made up of younger players, is not to be placed in the boys' class by any means, and the fielding of the team was a surprise to the older favorites in the game who were present. The Crockery City team was handicapped by the absence of one or two of the infielders, and this defect proved almost fatal, as a mix in the infield in the third inning allowed four runs to score.

In the second half of the second inning Chadwick sent the ball flying over the left field fence and it looked as though a home run would be made, but the prompt fielding of Myler stopped the runner at third base. In the first half of the same inning Stillwell made a brilliant stop of a hot grounder by Webb.

It was in the first of the third inning that the West End team made a spurt. With three men on bases, Carey knocked a liner to short. The ball was sent to first, but Gibson was not on the base. He tried to catch a man at third and on the throw to home the ball struck the runner. With this and other misplays, the West Enders succeeded in piling up four runs.

In the second half of the third the Crockery City team also brought in four runs, the last two of which were escorted by a clean hit by Ferguson.

In the first of the sixth inning Carey succeeded in getting the ball over the fence in the field for a two-bagger.

Stillwell did a similar act in the seventh and also reached third.

The 6 to 6 tie which was on at the opening of the eighth inning was shattered by the Crockery City team when they made two earned runs.

The first of the ninth opened with the West End team up for their last bat and everything looked gloomy for them, as there were two scores to gain before the tie was again reached.

Two men were out when Tyson got a base on balls. Heckathorne was next to bat and he made a hard left field drive. The ball struck the ground and bounded over the fence. Tyson crossed the plate, followed by Heckathorne, who, on a close decision, was credited with a home run. The next batter was out and the score was tied.

Neither side scored in the tenth inning, and in the first half of the eleventh the West End team was retired in one, two, three order by Ferguson.

Ferguson struck out when he came to the bat to lead off for the Crockery City in the latter half of the eleventh. Millward followed by being thrown out from third to first. Then Hamilton secured a hit. It was not thought possible that a run would be scored with two men out, when Davis sent a hot grounder to Stillwell at short. Stillwell fumbled, but finally got the ball. In his endeavor to beat the runner to first he threw over the baseman's head and Hamilton succeeded in reaching the home plate. The game was then called.

Culmination of a Sensational Case. Assignments for Trial Next Week.

Lisbon, May 7. — (Special.)—Enora Wilhelm seeks a divorce from W. J. Wilhelm, who, she says, is unfaithful to her, and she also asks a share of his property. They were married in Columbiana in 1890, but within a few years the defendant is said to have begun calling on Mrs. Lizzie Betz in Leetonia. At the October term, 1900, Wilhelm was sued in court here by William A. Betz, husband of Mrs. Betz, for alienating the affections of his wife. At that time Mrs. Wilhelm claims to have proven that they had been guilty of immoral conduct. Wilhelm owns property in Leetonia, Salem and Fairfield township and is a member of the firm of the Leetonia Milling company.

Court convened yesterday afternoon, Judge Hole presiding, but was in session only a short time, when it adjourned until Wednesday morning at 9 o'clock.

There is one kind of business, according to a New York man prominent in it, that does not enjoy easy financial conditions. It is that of publishing devotional and religious literature. This publisher explained this anomalous condition as follows:

"When everybody is prosperous, there is no very great demand for our publications. People are happy, and they do not go to church to any great extent. Preachers will tell you that church attendance is never so good in prosperous times as it is in periods of financial straits.

"Let a panic come on, however. At first our business feels it as keenly as any other line. People suddenly cease buying everything except what they are obliged to have. As times fail to improve, people take more to going to church. Attendance increases very perceptibly. In a few weeks we can tell it in our business. There is a greatly increased demand for devotional books of all kinds. The business increases, and at the very height of the financial troubles we do the largest business. As times get better you can see our trade in this line of publications gradually drop off until, when prosperity again comes round, we settle down to a normal business quite different from the boom we had been enjoying."—New York Times.

"Why Don't It Bust?"

We quote from The Century an anecdote related as one of "A Woman's Experiences During the Siege of Vicksburg."

Speaking of fuses, the rector told us one day a very funny thing that he had seen during one of his trips to town. Every day, as long as the siege continued, he crossed that hospital ridge and passed over the most exposed streets on his way to the church, always carrying with him his pocket communion service, apparently standing an even chance of burying the dead, comforting the dying or being himself brought home maimed or cold in death. His leaving was a daily anguish to those who watched him vanish over the brow of the hill. One evening, coming back in the dusk, he saw a burly wagoner slip off his horse and get under it in a hurry. His head appeared, bobbing out first from one

side, then from the other. Above him in the air, bobbing, too, and with a quick, uneasy motion, was a luminous spark. After a full minute spent in vigorous dodging the man came out to prospect. The supposed fuse was still there, burning brilliantly. "Darn the thing," he grunted, "why don't it bust?" He had been playing hide and seek for 60 seconds with a fine specimen of our southern lightning bug, or firefly!

Fair Sized.

"No," said the retired showman, "I won't say that we had the biggest giant that ever happened, but it is a solemn fact what I am going to tell you. This giant had a penchance, or whatever you call it, for trying new styles of whiskers."

ST. STEPHEN'S CHURCH.

Phenomenal Growth And Prosperity Shown by the Year's Reports.

The parish meeting of St. Stephen's Protestant Episcopal church last evening was large and enthusiastic. The treasurer reported receipts as follows: For salaries and expenses, \$1,649.97; debt on rectory, \$211; amount received from society, \$145; amount for missions, \$116.90; cash received for new building fund, \$8,675.08; total cash received, \$10,797.95; number of members, 265; total cost of new church, \$22,858; indebtedness, \$8,944, less unpaid pledges and cash, \$2,556.78; total indebtedness, \$5,556.53; assets, value of church property, \$40,000; insurance on property, \$19,000.

The Sunday school report showed: Scholars, 199; teachers, 17; amount cash received, \$550.04; average per Sunday, \$10.59; average per scholar, \$2.54; devoted to new church, one brass lectern, \$150; one marble font, \$145; towards building fund, \$59.89; missions, \$82.50; one set of banners, \$31.13; expenses, \$81.52.

Satisfactory reports were read and received from the following societies: Ladies' Guild, Embroidery Circle, Girls' Friendly, Juvenile Workers, Brotherhood St. Andrew and Bible Class association. A vote of thanks was tendered the rector, vestry and all church workers. The old vestry was unanimously reelected for the coming year as follows: Christopher Horton, senior warden; Arthur Underwood, junior warden; vestrymen, Albert Carns, John Shingler, James Bloor, Herbert Rowbotham and William Swindles. The following delegates were appointed to attend the next diocese and convention which will be held at Cleveland Tuesday and Wednesday, May 21 and 22: William Swindles, Priestley Hindle and James Bloor; alternates, Thomas Stoddard, John Shingler, William Lynch, George Smith was unanimously elected layreader for the coming year.

Anxious to Be His Friend.

"There are plenty of men in this world," said the head of the firm, addressing the clerk he had summoned into the private office, "who can trace their successes directly to what they at first considered failures. I knew a man who 20 years ago was a clerk in a clothing store. His employer discharged him for incompetency. He hunted through all the clothing stores in town trying to get another job, but couldn't find one, and at last, almost starved, he got a place as a brakeman on one of the railroads. Today he is practically the head of that road, draws a salary of \$25,000 a year and regards the man who discharged him long ago as the best friend he ever had. Now, he is only one of hundreds of men who have had similar experiences. So you see what at first seems a misfortune may often be a real blessing in disguise."

The young man hid a yawn behind his hand and, thinking of the live broiled lobster he had the night before helped a certain soft eyed creature to remove from the scene, languidly replied:

"Yes; I know that has frequently happened. Did you want to speak to me about anything in particular this morning, Mr. Yamsley?"

"Oh, no; nothing of special importance," the old gentleman replied, "only I'm going to give you a chance to look back some day and regard me as your best friend. Goodbye. I hope you'll have all kinds of success at whatever you decide to go at."—Chicago Herald.

OPENING GAME A WARM ONE

Lasted For Eleven Innings and the Final Score Stood 9 to 8.

WEST ENDERS PLAYED FINELY

And the Crocker City Team Almost Met Its Match—A 6 to 6 Tie Was the Situation at the Opening of the Eighth Inning.

The opening game of the season at Rock Springs park yesterday was a hot one. It was only after 11 hard-fought innings that the Crocker City team succeeded in defeating the West End Athletic club by the modest score of 9 to 8.

Shortstop Stillwell, of the West End team, had put up a brilliant game throughout. He had taken all kinds of chances and had gotten through without an error until the last half of the eleventh inning, when by a wild throw to first he allowed the winning run to score.

The West End team, while it is made up of younger players, is not to be placed in the boys' class by any means, and the fielding of the team was a surprise to the older favorites in the game who were present. The Crocker City team was handicapped by the absence of one or two of the infielders, and this defect proved almost fatal, as a mix in the infield in the third inning allowed four runs to score.

In the second half of the third the Crocker City team also brought in four runs, the last two of which were escorted by a clean hit by Ferguson.

In the first of the sixth inning Carey succeeded in getting the ball over the fence in the field for a two-bagger.

Stillwell did a similar act in the seventh and also reached third.

The 6 to 6 tie which was on at the opening of the eighth inning was shattered by the Crocker City team when they made two earned runs.

The first of the ninth opened with the West End team up for their last bat and everything looked gloomy for them, as there were two scores to gain before the tie was again reached.

EVENING NEWS REVIEW.

17TH YEAR. NO. 279.

EAST LIVERPOOL, O., TUESDAY, MAY 7, 1901.

TWO CENTS

SENATORIAL CONVENTION WAS BIG AND HARMONIOUS

Senator Frank B. Archer and Charles C. Connell Were Nominated For the District Amid Much Enthusiasm.

CANDIDATES INSTRUCTED FOR FORAKER

Hon. R. W. Tayler Made an Eloquent Speech, Presenting the Claims of Columbiana County's Choice—The Work Was Dispatched In a Business Like Manner and the Convention Was In Session Little Over an Hour—Candidates' Acceptances.

From a Staff Correspondent
Steubenville, May 7.—The Republican convention of the Twentieth-Twenty-second joint senatorial district was an earnest and enthusiastic body. It was business-like as well, and in a little over an hour had completed the work for which it met and adjourned. As foretold by the News Review there was no opposition to either of the candidates for senator from this district, and Frank B. Archer, of Belmont, and Charles C. Connell, of Columbiana, were nominated and accepted the honor unanimously tendered them.

Caucuses preceded the convention. They were presided over as follows: Columbiana county—J. A. Martin, chairman; J. N. Hanley, secretary. Jefferson county—Charles McKinney, chairman; Charles Simeral, secretary. Harrison county—A. J. Palmer, chairman; F. M. Beall, secretary. Belmont county—Judge J. W. Hollingsworth, chairman; Ed R. Gow, secretary.

The convention was called to order shortly after 11 o'clock by Samuel Westwood, of Belmont, who nominated D. A. Hollingsworth, of Harrison, for temporary chairman and Dr. S. B. McGavern, of Harrison, for secretary. In a speech the temporary chairman outlined what would be expected of the men nominated today. They could give important aid to the friends of improvement of the Ohio river and could uphold and strengthen the arm of state and national administrations. He hoped they would continue like the rest of the state to support Governor Nash in putting down prize fights and disorder.

Committees were appointed as follows:

Permanent organization—J. H. Brookes, Columbiana; E. N. Crawford, Jefferson; W. B. Hearn, Harrison; D. H. Darrah, Belmont.

Resolutions—Ed A. King, Columbiana; Samuel Dorrance, Jefferson; Hon. C. M. Hogg, Harrison; W. C. Berenthal, Belmont.

Rules and Order of Business—C. S. Speaker, Columbiana; Hollis C. Smith, Jefferson; J. C. Glover, Harrison; J. E. Trueman, Belmont.

Senatorial—Geo. E. Davidson, Columbiana; J. Carl Bigger, Jefferson; W. P. Guthrie, Harrison; Samuel Westwood, Belmont.

After the usual preliminaries, J. H. Brookes, for the committee on permanent organization, reported, recommending the temporary organization be made permanent. This was done amid enthusiasm.

Senator Hogg, of Harrison, reported for the committee on resolutions, and the report was unanimously approved. The resolutions, which were brief, endorsed the president and national administration in the warmest terms, also that of Governor Nash and the state officers. Senators Foraker and Hanna and Congressmen Taylor and Gill were especially commended for their work in congress.

F. B. Archer for his record in the state senate. One plank pledged the convention that the two senators from this district give their support to Senator Foraker for reelection to the United States senate.

C. S. Speaker reported on rules and order of business. Judge J. C. Boone

reported for the credentials committee that there were no contests and all delegations were complete.

In a brief address Judge Hollingsworth presented the name of Frank B. Archer for renomination, warmly praising Mr. Archer and congratulating the district on having such an efficient and faithful representative. Hon. R. W. Tayler followed. He was opposed to one form of expansion, and that was expanding his lungs unnecessarily. He was glad to bring greetings from the other counties of the district and gladder still to be able to present the name of a candidate unanimously endorsed by his whole county, representing more than 10,000 people of Columbiana. Charles C. Connell was a young man with many years of capable usefulness ahead of him. He felt the serious responsibilities of a senator, upon which the speaker dwelt. The candidate was a fitting assistant to the senator who has so well represented the district. He will support the senior United States senator, and his aid will be needed. Mr. Tayler here eulogized Senator Foraker, and showed how necessary it was to return this able statesman, the faithful friend of the administration, to his old position.

The nominations were enthusiastically ratified and the candidates were called for. Both spoke briefly but well, thanking the convention for the honor conferred, and promising to do their best to look after the best interests of their constituents and the state.

The senatorial committee decided that in case of a vacancy on the ticket, it should be filled by the committee. The convention adjourned at 12:30.

The following is a complete list of the Columbiana county delegates:

CHARLES C. CONNELL.

Attorney Charles C. Connell, who was today nominated as the junior senator from the Twentieth-Twenty-second joint district by the Republicans in convention, is a young man of extraordinary attainments.

Mr. Connell graduated with honors from the public schools of Lisbon in June, 1890, being then but 19 years of age. From early youth he proved by his studious disposition and ready grasp of difficult propositions that he had a future of unusual brilliancy before him. Early in life he determined to fit himself for the law, and at his graduation entered the office of Morrison Bros., one of the most prominent legal firms of the county.

Soon afterward he took a preparatory course in the Ohio State University, remaining in that institution for more than a year.

Early in 1892 Mr. Connell took up

his studies in the Cincinnati law school, and by dint of hard study and close application finished the course with highest awards in 1894.

The gentleman is not yet 30 years of age, having been born in Lisbon September 27, 1871, and if elected to the position of senator, which is beyond the question of a doubt, he will be one of the youngest men who ever held a position in the state senate of Ohio.

Mr. Connell has been prominently identified with the Republican party, not only in Columbiana county, but in the state for several years, and although a young man when compared with a majority of the members of both branches of the legislature, will undoubtedly make a record for his county and district that will be an honor to himself and a credit to those who elect him.

BOSTON SHOE FIRM

WANTS TO BUILD A FACTORY IN EAST LIVERPOOL.

Communication Received from a Member of the Company Says 300 Men Will Be Employed.

Attorney G. Y. Travis is in receipt of a letter from a member of a Boston shoe firm, stating the intention of that company to build a factory in East Liverpool, provided proper inducements are given.

The writer states that if the factory is built as provided, employment will be given to 300 men. The communication will be turned over to the board of trade.

SQUIRE WANTS MONEY

And He Went Over to West Virginia to Do a Little Collecting.

Constable Miller left for New Cumberland this morning, where he expected to locate Thomas Sheets, who it will be remembered, skipped out with his wife after bringing a suit in a local court against Thomas Bills for unlawful cohabitation, leaving the justice and constable to whistle for their costs in the case.

While the officer has no authority to go into West Virginia and lay hands on Sheets, he nevertheless went there for that purpose. It was the object, however, to simply frighten the man into paying over the much desired ducats.

Granted a New Trial.

BRUTAL ASSAULT ON AGED WOMAN

Mrs. Price, Over 60 Years Old, Attacked and Stoned by an Italian Female.

NO REASON FOR IT IS KNOWN

The Offender Fled Before the Police Arrived And It Is Likely She Escaped—The Outrage Took Place Near the Aged Woman's Home.

Mrs. William Price, Sr., aged over 60 years, was brutally assaulted and severely injured by an unknown Italian woman at about 1:15 o'clock this afternoon. Mrs. Price, who resides just above Ralston's Crossing, had gone to the orchard in to the rear of her home to gather flowers. She passed through the orchard and was just at the edge of the hill road when she saw an Italian woman coming hurriedly toward her. She thought she merely meant to pass up the road and was altogether off her guard.

When the Italian woman got just opposite where Mrs. Price was standing she suddenly sprang upon her, seizing her by the throat in order to stifle her cries.

She dealt her a blow on the head with a large stone which almost rendered her unconscious. Mrs. Price, however, had screamed for help and her husband, who is an aged man, was making his way to her as fast as possible. Meanwhile the Italian woman was still beating her on the head and back with the stone and evidently trying to kill her. When she saw Mr. Price coming she released Mrs. Price and ran up the road toward the East End. Mrs. Price's head and face was covered with blood and she had completely collapsed. She was taken to the house and made as comfortable as possible while waiting for Dr. Calhoun, who had been summoned and arrived a few minutes later. An examination showed that the injuries were not serious if properly attended to, but the aged lady will be laid up for some time.

The patrol was called and Chief Thompson and several other officers were on the ground in a remarkably short time. They failed to find the Italian woman in the woods to the rear of the house and went on to the East End.

The police could learn no possible motive for the murderous assault. Mrs. Price stated that she had noticed the woman loitering about the place every day for more than a week and had several times wondered at her suspicious actions.

FRACTIOUS HORSE

Caused Its Driver to Take a Tumble. Became Scared at a Locomotive.

A horse owned by Dennis McGarren, of Congo, took fright at a C. & P. locomotive this morning at the foot of Market street. The animal wheeled suddenly, overturning the buggy to which it was hitched, and the driver was thrown heavily to the ground.

Fortunately Mr. McGarren alighted on his feet and escaped injury. He kept a firm hold on the lines and thus averted a runaway. The buggy was slightly damaged.

KICKED BY A HORSE

Frank Speers Suffers a Painful Injury. Left Cheek Badly Lacerated.

Frank Speers, a 16-year-old son of Amos Speers, of Pleasant Heights, was kicked in the face by a horse Monday evening and badly hurt. The left cheek was lacerated, and in a few minutes both of the lad's eyes were swollen shut.

A surgeon dressed the wounds, and it is thought no serious results will follow. Only a week ago the boy accidentally fell and dislocated his collar bone.

EAST END.

ON A FISHING TRIP.

Party of East Enders Depart, Fully Equipped for Business.

Messrs. John Arnold, Henry Arnold, Will Andrews, Thomas Yates, Dr. Henderson and Thompson Andrews are on a fishing excursion up Beaver creek today. This is the first fishing excursion from the East End this season, and these people made fitting preparation for it. It is said that several of them engaged to sell part of the fish last night. They kept three boys busy digging for bait and seining for minnows all day yesterday, while they spent the time in hunting up lines and putting on new hooks. They took several extra boxes of hooks with them today.

Just what the outcome of their trip may be cannot be told until this evening, but it is thought that business with Jack Wintergill will be slow for several days, as the result of this trip.

BROKE HIS ARM.

Raymond Mossman, an East End Lad, Meets With a Mishap at Play.

Raymond Mossman fell and broke his arm below the elbow yesterday afternoon. The lad, who is about seven years of age, was playing on the hillside below his father's house on Pennsylvania avenue, when he tripped and fell. A doctor was called who reset the broken member and the boy is resting easy today.

EAST END BREVITIES.

Henry Chambers is in Pittsburg on business today.

Robert Newell's daughter, Belva, is ill with typhoid fever.

Thomas Acheson has accepted a position as motorman on the street car line.

Albert Morrow, a conductor on the street car line, is off duty on account of illness.

H. B. Westcott, one of the managers of the street car line, left this morning for Cortland, N. Y.

The carpenter work on D. J. Sloan's new house on Pennsylvania avenue was begun this morning.

Rev. J. R. Greene was in Pittsburg on business yesterday and today. He returned to this city this morning.

Mrs. Irwin Allison, who has been very ill with fever for some time past, is much improved, but is still unable to be out.

Samuel Kerr left this morning for Buffalo, N. Y., where he will attend the Pan-American exposition. He was sent as a delegate by the motormen's local.

Ed Bean, the night watchman at the power house, who has been suffering with a badly sprained ankle for some time, was able to resume work last night.

The household effects of Henry Chambers were moved from the former home near the M. E. church to the new residence on Pennsylvania avenue today.

Mrs. Henry Chambers, who recently returned from Cambridge Springs, Pa., where she had been taking treatment for rheumatism, is now taking osteopathic treatment at her home and is much improved as a result.

800 MINERS' STRIKE.

Miners at East Palestine, New Waterford and Negley Are Idle.

Salem, May 7.—(Special.)—About 800 miners of Columbiana county are out on a strike for pay for dead work. The miners at East Palestine, New Waterford and Negley, O., and Cannelton, Pa., are affected.

Action was taken today following the decision of a convention held last week at East Palestine.

An Abandoned Test.

Sir Hiram S. Maxim was once a victim of one of the British war office's sudden freaks. When the Maxim quick firing gun was being tested by the government with a view to finding out its weak points, its inventor was asked to have 10,000 rounds fired at the highest possible speed. The experiment was successfully carried out, but the chairman of the committee of investigation was still unsatisfied.

"That's very well as far as it goes," he exclaimed, "but could you guarantee your gun to go on firing automatically at the same rate for, say, 24 hours?"

"I can," was the quiet reply, "and I will—on one condition."

"And that is?"

"That the government finds and pays for the ammunition."

At first the committee were inclined to close with the offer, but when it was discovered that \$64,000 rounds would be fired and that the cost of the experiment would be something like \$5,760 they dispensed with the trial.

Utilizing the Waste Product.

A parish in the highlands had been cut off from communication with the nearest town owing to a severe snowstorm, relates The Scottish American. Supplies began to give out, and the minister was much perturbed in mind as his snuffbox was quite empty. The Sabbath came round. How was he to get through his discourse without the aid of his usual stimulant? He appealed to his faithful benchman, the sexton. Alas, he was in a similar unsatisfactory predicament! How was it to be remedied? Andrew shook his head, thought long and suddenly disappeared. Presently he returned with something resembling snuff wrapped carefully in paper. The minister took a hearty pinch or two and then asked: "Where did you get it, Andrew?"

"Please, sir, I just went and swept the pulpit out," was the reply.

KIDNAPING BLOCKED.

Detroit Chief of Police Refused to Allow Biddle-Dorman Gang Accomplice to Be Carried Off.

Detroit, Mich., May 7.—Governor Bliss signed the requisition granting Detective Kelley power to remove from the state of Michigan, Barnett Werbe, who is charged in the Allegheny county courts with receiving the goods stolen by the Biddle-Dorman gang, but Detective Kelley's plan to hastily remove the prisoner was blocked by Chief of Police Martin, who will be "ripped" out of office in a few days and succeeded by Lieutenant of Detectives John Downey.

The understanding was between Captain of Detectives McDonald, Lieutenant of Detectives Downey and Detective Kelley that by some hook or crook that the prisoner should get into the hands of Detective Kelley as soon as the requisition papers were received from the governor. Detective Kelley was then to take an electric car ride with the prisoner and shortly would be out of the county and consequently out of the jurisdiction of the Wayne county courts.

Governor Bliss wired Captain McDonald that he had attached his signature to the papers and to hold the prisoner at all hazards from being admitted to bail. Since then Captain McDonald and Lieutenant Downey have been called to Port Huron on a big burglary case and Chief of Police Martin refused to carry out the detectives' agreement, claiming the prisoner is entitled to reasonable time to take out a writ of habeas corpus after the papers are received.

Werbe has another attorney to assist W. I. Robinson. He is Marcus Pollaski, last year a candidate for governor, and now a candidate for governor of Porto Rico, for which position he claims to have a promise. He is of considerable political importance and has the endorsement of every official and member of the legislature.

What move the attorneys propose to make cannot be ascertained. They refuse to talk further than to say they are ready. Werbe is now being illegally held in confinement. Under the law he should have been arraigned by noon Monday on the last charge placed against him by Detective Kelley on Saturday, that of receiving the Caldwell and Graham silks, shipped from Pittsburg to Detroit.

For some reason unknown, Detective Kelley has consulted with District Attorney James Hurst and has retained Allan H. Frazier, one of the best criminal lawyers of the state, and will fight for his prisoner.

Tried to Drown Self and Children.

Petosky, Mich., May 7.—Mrs. William A. Martin, wife of the Pere Marquette agent here, threw her two children and herself into the bay, after a family quarrel. All three were rescued by fishermen, but the youngest child, aged 4 years, will die from the exposure and shock.

A BETTER BALLOT LAW.

Pennsylvania Leaders Discussed the Subject, but Reached No Definite Agreement.

Harrisburg, May 7.—A conference between Republican and Democratic leaders of Pennsylvania on ballot reform legislation was held last night at the executive mansion. The Republican members were United States Senators Quay and Penrose, Governor Stone, Insurance Commissioner Durnan, Senator Koch, chairman of the senate election committee; Senate President Pro Tem and State Chairman Keeder. The Democratic representatives were Colonel James M. Guffey, of Pittsburg, member of the national committee; Congressman Polk, of Monaca; Representative Ikeler, of Columbia; ex-State Chairman Riving, state Chairman Creasy and Senator Miller, of Cumberland.

No definite agreement was reached. Both parties agreed that the party circle should be dropped and that the party columns should remain as they are on the present ballot. The Democrats insisted that no person shall be entitled to assist more than 10 voters to prepare their ballot and that before a voter can secure assistance he must make affidavit that he cannot read or write or that he is physically unable to prepare his ballot. The Republicans objected to the feature requiring the voter to make affidavit as to his disability and promised to take the matter under consideration and report later. The original Democratic proposition was that no person could assist more than three voters.

THE G. A. R. ENCAMPMENT.

The Ohio encampment of the Ohio Grand Army of the Republic opens today at Bellefontaine. The annual meeting of the Sons of Veterans and the auxiliary organizations of both orders will be held at the same time and place. The city of East Liverpool is represented at the gathering and feels a deep interest in it. The same is true of every town, village and township in Ohio. No portion of the state is so small or poor or obscure that it did not contribute its quota toward swelling the original grand army—the army that fought to preserve the union.

Although each succeeding reunion of veterans shows that the ranks are becoming thinner and the men who still remain in line march with feebler step and with form more deeply bowed, there will yet be many a pleasant gathering ere the membership becomes so reduced in numbers that the annual encampment must be abolished. May the present encampment be a happy occasion for all who attend, and may long life and honor fall to the lot of the men who fought to make all the people of all the nation free! A Grand Army today are the patriots who kept the union inviolate, and the story of their sacrifices and sufferings is with us and will ever remain a lesson, an inspiration for the patriots of coming generations.

IMPROVED MAIL SERVICE.

Rural free delivery is to be greatly extended during the coming year. A few years ago the appropriation for this service was merely a trivial sum. At the last session congress voted that \$3,500,000 be expended upon rural free delivery during the coming fiscal year. This amount will be chiefly devoted to extensions and to increasing the efficiency of the service where it is already established. This is good news for thousands of families living in agricultural communities. Columbiana county is to have additional routes, and there is no doubt they will meet with popular appreciation as the merits of the service become known.

It has been demonstrated that free delivery largely increases the amount of mail matter received in rural districts and sent out from them. Another growth, which has surprised even the government experts, is that of the money order and registered letter business. Carriers are now authorized to register letters and issue money orders. This is a convenience of great value to those who are located miles from any postoffice. The McKinley administration has won popular approval for many things, but perhaps no service it has rendered the public is likely to receive more cordial endorsement than the improvement of the mail service.

RESPECTED ABROAD.

Secretary Gage regards the talk of an international combination of European nations against the United States as idle, holding that such a combination is impossible. All nations, he says, have learned to dread war; they have found that it is expensive and exhausting, and that thrift and prosperity come only with peace and industry. The nations of the earth entertain more respect for the United

States now than at any period in its history. They have become amazed at its boundless resources, its strides in commerce, arts and industries. They are aware also that it is not less strong in men, money and the sinews of war. The world has a wholesome respect for us and prefers to cultivate our friendship rather than provoke our enmity.

Today's senatorial convention will be genuinely Republican, and therefore enthusiastic and harmonious.

The bulls and the bears of Wall street are figuring for a fight in which somebody is sure to get hurt.

FAREWELL RECEPTION

To Be Tendered William Zook, Who Goes from the Sevres to the Knowles Plant.

William Zook, for many years employed at the Sevres China company plant, has resigned and will shortly take charge of the decorating kilns at the Edwin M. Knowles China company plant on the Southside.

During his employment at the old Sebring plant and later when it became the property of the Sevres company, Mr. Zook has become so popular with the employees that they regret to see him go.

His old employer, O. N. Ralston, has arranged for an elaborate reception upon his departure, which will be participated in by the entire decorating department.

In order not to be outdone, it is said, Mr. Zook will give the ladies of the department a farewell reception before entering upon his duties at the Knowles plant.

COCKING MAIN

A big cocking main will be held on Line Island, near East Liverpool, on May 30, and about 500 birds will be entered. They will be from Lisbon, Galilee, New Cumberland, Steubenville, Alliance, Canton and Massillon, says the Lisbon Patriot. Three birds from Wheeling with national reputation, and also two from Allegheny, will be pitted in one contest. It is believed that more than 500 chickens will be entered in the different fights. It will be by all odds the greatest cocking match that has ever been held along the Ohio river if the authorities don't get together and stop it. They have fair warning and may be able to do so.

NOTICE TO TAXPAYERS.

The County Treasurer will be in East Liverpool at Jno. J. Purinton's office on May 17 and 18, 1901, for the purpose of receiving taxes.

FIFTY YEARS OLD.

NEW CUMBERLAND PRESBYTERIAN SEMI-CENTENNIAL.

A Four Days' Celebration Being Held This Week—Fifty Years' Growth.

The New Cumberland Presbyterians are celebrating the semi-centennial of their church this week. The exercises began on Sunday and will close on Wednesday evening, when Rev. J. D. Moffat, D. D., president of Washington & Jefferson college, will deliver an address on "Presbyterianism."

This church developed from a Sunday school which was organized at New Cumberland on April 28, 1851, by Rev. William W. Lavery, who died in 1865. He was the father of Rev. L. Finley Lavery, pastor of the First Presbyterian church of Wellsville. Mr. Lavery was invited by the New Cumberland church to preach at both services yesterday because of the fact that his father organized the Sunday school which later became the church. The elder Lavery was a student in Princeton university in 1851. During his vacation he was sent out by the American Sunday School Union to organize Sunday schools in West Virginia. The church at New Cumberland is one of the monuments to the zeal of the young Princeton student.

The church has a membership of 303. It has had but three pastors in its history. Rev. S. F. Grier, who was pastor from 1852 until he died in 1893, Rev. J. H. Sutherland, now a chaplain at Manila, in the United States army, who served five years, and Rev. A. D. McCulloch, who has been with the church about two years. Mr. McCulloch went to New Cumberland from the Long's Run Presbyterian church, near East Liverpool. Mr. McCulloch has paid off a debt of about \$6,000 since he became pastor. In 1888 a new church building was erected.

A history of the congregation has been written by John H. Atkinson, a lawyer, who was one of the original members of the congregation. His wife, who is an invalid, attended the services Sunday, though she had to be carried to and from the church in an invalid's chair.

DEAD BODY OF UNKNOWN MAN

Found Floating In the Ohio River
Near Sewer Pipe Works
at Walker.

CORPSE BADLY DECOMPOSED

Evident That It Had Been in the Water for Several Weeks—Nothing Found to Establish the Identity of the Dead Man—Buried Unidentified

The dead body of an unknown man was found floating in the Ohio river near Walker's this morning by John Lucoch, a Slav, who is employed at the sewer pipe works. Lucoch was in the act of dumping a wheelbarrow load of rubbish down over the hillside leading to the river, when his attention was attracted to the floating corpse.

Wading out into the river the Slav got hold of one of the dead man's legs and dragged him to shore. A rope was secured and the corpse anchored at the river bank, where it had been found.

Chief Thompson was immediately notified of the discovery and the township trustees were in turn apprised of the finding of the body. The chief was the first to reach the scene, but the "floater" was not disturbed until Trustee Albright arrived. Health Officer Burgess also went down to take a look at the corpse, and he, together with Mr. Albright, made an investigation.

From all indications it is evident the body has been in the water several weeks. The face was so badly disfigured that it was impossible to tell anything as to the man's appearance in life. In fact it was a matter of conjecture to decide whether he was white or black. The swollen lips and nose indicated that he was a negro, but Health Officer Burgess, who has picked up many a "floater," expressed the belief that the body was that of a white man.

It is believed the corpse had been fastened in driftwood or dragging along the shore for some time before being landed, as a piece of wood found by Mr. Burgess under a pocket of the dead man's vest and which was stuck into the cloth, indicated that he had been held fast. The thick coating of mud on his face also tended to prove the above theory.

From the mouth to the top of the head the slimy muck had so covered the features as to cloud out all semblances of a human countenance. While there is no possible means of stating with any authenticity the man's full description, it is the opinion of Chief Thompson and Mr. Burgess that the dead man is about 30 years of age. On one side of his nose there is evidence of a hirsute growth, by which it is judged the man wore a moustache. His height is about five feet eight inches and his weight is thought to be about 145 pounds. He wore a suit made of black worsted goods, the vest being double breasted. The shoes were worn through at the toes.

The arms of the corpse when found were extended above the head, which is said to be positive evidence that the man died while struggling to save himself.

Undertaker Rinehart was summoned to take charge of the body. When it was finally dragged from the water the corpse was found to be that of a white man. Mr. Rinehart expressed the belief that the man was about 45 years of age.

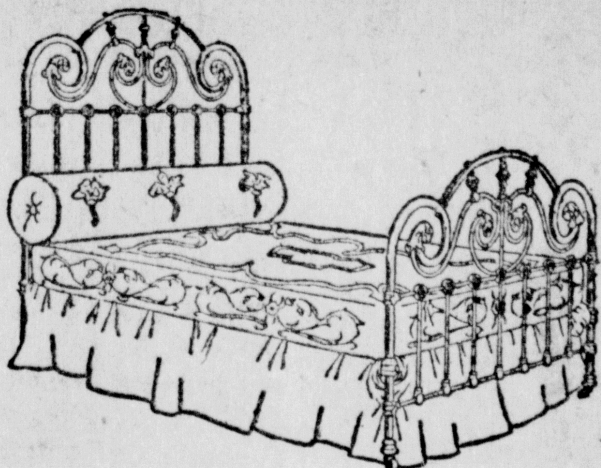

There were no marks of violence, and nothing was found in the pockets of the clothing to establish the dead man's identity. The body was interred in Spring Grove cemetery.

FIRST ELECTION

BEING HELD IN THE TOWN OF CHESTER TODAY.

Great Interest Manifested—Things Proceeding Quietly And in Order.

The first election in the town of Chester is being held today. The affair up until 3 p. m. had passed off very quietly. There was only one carriage out to haul voters to the polls. Interest centered chiefly on the councilmanic race. No party lines were drawn, so it was simply a question of who were the best five of the 12 candidates to choose from.

A good many people amused themselves by slating the five, which in their opinion, would be chosen, but it was impossible to find two persons who slated alike. Some people intimated that when the votes are counted this evening there will be some surprises at the result.

NOW OUT IN ARIZONA

The President and His Party Were to Arrive at Phoenix This Morning.

THEME OF NEW MEXICANS

Statehood Their Cry—Chief Executive Given Warm Greeting at Deming. Exchange of Speeches With Representative of President Diaz.

Benson, Ariz., May 7.—The presidential special reached Benson about 8:35 o'clock last night. The station was illuminated and the president spoke a few words to the crowd. It was expected to reach Phoenix this morning.

El Paso, Tex., May 7.—American and Mexican flags were intertwined in the decorations of the plaza where the official greeting to President McKinley and his cabinet took place. The presence on the stand of General Hernandez, personal representative of President Diaz, and the governor of the state of Chihuahua, gave an international significance to the event. There were thousands of Mexicans in the vast concourse of people to whom the president spoke, and their enthusiasm was almost as wild as that of the Americans.

General Hernandez addressed the president on behalf of President Diaz, extending congratulations, and President McKinley, in his response, paid a high tribute to the president of the Mexican republic, and charged his emissary to convey to his chief his warm regard and personal esteem, with his best wishes for the continued prosperity of our sister republic. The president's speech was very happy, and was especially notable on account of his injunction to the people not to be alarmed about "imperialism." There was, he said, no imperialism except the imperial power of the sovereign people of the United States.

The governor of Chihuahua also warmly welcomed the president to the border. The exercises in the plaza were preceded by a military parade.

The women of the cabinet crossed the Rio Grande to Juarez, where they were tendered a breakfast by Juan Ochoa, a prominent Mexican banker. Mrs. McKinley did not attend the breakfast, but enjoyed a short drive.

Members of the cabinet also spoke. At the conclusion of the addresses the party, including the Mexican officials, went for a drive. The president expressed a desire to take a look over into Mexico, and was driven down to the International bridge. There, at the American customs office, he alighted and chatted for some time with those around him. The old church of Guadalupe, more than 300 years old, the Spanish prison and other interesting buildings in Juarez were pointed out to him. From the bridge he could plainly see the Sierra Madre mountains, 60 miles to the southward. President Harrison, in 1891, went half way across the bridge, but President McKinley did not so much as set foot upon the structure. On the way back to the city the party stopped and cheered the Mexican consulate.

Deming, N. M., May 7.—Shortly after leaving El Paso the presidential train crossed the line into New Mexico and ran through the grazing section of the territory. It was a hot and dusty ride. The first stop in the territory was made at Deming, where the president was welcomed by Governor Otero and his staff. There was a big crowd and a band at the station and the president was given a warm greeting.

W. M. Fenger, president of the New Mexico Press Association, had met the party at El Paso and accompanied the train across the territory. The address of welcome at Deming was largely devoted to New Mexico's claim for statehood. A broad banner above the train read: "New Mexico demands statehood." The president spoke briefly.

MINERS' COMMITTEE PLEASED.

Snyder Said He Would Do All He Could For Their Bills.

Harrisburg, May 7.—A committee of miners, consisting of John Fahy, president of district No. 9, United Mine Workers of America; John Williams, John P. Karney, Thomas J. Richards and T. J. Llewellyn, held a conference with Senator Snyder, of Chester, last night in regard to the mining bills that are now in the senate committee on mines and mining. Mr. Snyder, by virtue of his position as president pro tem of the senate, is an ex officio member of the committee. The conference was held behind closed doors, and at its conclusion Mr. Fahy said the committee had a "very satisfactory interview and is highly pleased."

Senator Snyder had little to give out as to what took place at the conference. He, however, said he assured the miners that he would do all he could to have the bills reported from committee. The question of marching was touched upon and the delegation informed the senator that the miners were anxious to come here.

Mr. Fahy, after the meeting, refused to say whether or not the miners would march here and make a demonstration, but it is generally believed that such a movement will not take place.

The senate committee on mines

and mining will hold a meeting tonight.

NEW POPE NOT NOMINATED.

Washington Catholics Refute That Pope Leo Chose a Successor.

Washington, May 7.—Members of the Catholic church in Washington deny in the most emphatic terms the story cabled to this country from Rome that the pope has nominated his successor. They say the story is absolutely without foundation.

According to the law of the church the successor to the pope has been selected by the College of Cardinals, and it is stated that this will be the course taken when Pope Leo designs as the head of the Catholic church.

A TREASURER MISSING.

Bank at Cleveland Suspended Payments.

Cleveland, May 7.—The doors of the Cuyahoga Savings and Banking company, at 1461 Woodland avenue were not opened for business Monday. The following notice was posted on the window:

"On account of the continued absence of R. N. Pollock, the treasurer the directors have concluded to suspend payment until such time as they can make an examination of their affairs. It is confidently expected that every depositor will be paid in full."

Hundreds of depositors, mostly working people, gathered around the bank soon after the notice was displayed, clamoring for their money.

The American Trust company was made a receiver for the Cuyahoga Savings and Banking company, and has taken possession of the affairs of the bank. Because of the failure of the bank the United States Carbon company, of Cleveland, is involved, and a receiver for that concern, Walter D. Sayle, has also been appointed, who has given bond in the sum of \$100,000. Accountants are at work on the books of the Cuyahoga bank. The immediate cause leading up to the closing of the bank was found in the fact that one of the largest depositors called at the bank Saturday night and asked permission to withdraw \$22,000. The money was not forthcoming. Fearing a run on the bank when this should become known, a meeting of the directors decided to close the doors.

A sister of President R. N. Pollock, of the bank, has returned from New York city, unable to find him. It is said that the bank had more than \$100,000 worth of paper that was to all intents and purposes worthless. The location of the bank is about two miles from the downtown section of the city, and its depositors were mostly for small sums.

GANNON EJECTED FROM JAIL.

Court Forced a Prisoner to Leave Against His Will.

Scranton, Pa., May 7.—James Gannon, who had served about seven years in the county jail for contempt of court, was ejected from prison by order of the court. He was imprisoned for refusing to attach his signature to a paper which would sign away property, which he claimed was his. The court a few months ago released, but there was no law empowering the county to release Gannon unless he attached his signature, which he still refused to do.

About a month ago a bill was passed by the state legislature covering Gannon's case, and which was intended to take him out of prison. When the order to give him his liberty was imparted to Gannon about two weeks ago he refused to attach his signature. The court stepped in and signed Gannon's name, and ejected him from jail.

BODIES WERE FOUND.

Recovered From the River At Jacksonville, Fla.

Jacksonville, Fla., May 6.—The body of Harry Bonnetreau, a real estate dealer, was recovered from the St. Johns river. Mr. Bonnetreau's widow and son are supposed to be in New York city. The bodies of two negroes were also recovered. All are victims of Friday's disastrous fire.

There are many rumors of further loss of life; but, owing to the departure of thousands of people from the city, it will be impossible for several days to verify the reports unless the bodies are found.

Mayor Bowden issued a request that all sightseers remain away from Jacksonville. It is feared that the vast army of idle negroes may cause some trouble, and it is believed that all those who will not go to work at \$1 a day and rations will be deported. Martial law continues to be rigidly enforced.

ORDERED TO SAMAR.

Hughes to Try and Negotiate Surrender of Lukban.

Manila, May 7.—The island of Samar, one of the Visayan group, was transferred from the department commanded by General Wade to that commanded by General Hughes. General Hughes has been ordered personally to Samar, and if he is unsuccessful in negotiating the surrender of the insurgent General Lukban, the force of American troops in Samar will be largely increased and a vigorous offensive campaign will be inaugurated.

NEUTRALITY IN FAVOR

The Consensus of Opinion Among Members of the United States Senate.

COMMUNICATED TO ENGLAND

Views of Senate Members Believed in Washington to Be the Real Substance of the Document Communicated to England.

London, May 7.—The Associated Press has been officially notified that Lord Paunceforte has received from Secretary Hay the draft of a new Nicaragua canal treaty. It is understood that it advises neutrality.

Washington, May 7.—It was learned from an authoritative source that before Secretary Hay left here for the west he had several conferences with Lord Paunceforte relative to the basis for another isthmian canal treaty, and that an unofficial written memorandum also was submitted to Lord Paunceforte on the subject. The ambassador has made known the general results of these conversations and of the memorandum to the authorities in London, and it is doubtless to this that allusion is made in the London dispatches. It is said, however, that the negotiations are so tentative and informal that they are not regarded as an official exchange or proposition. What they embody is not made known here, though it is understood that they are chiefly an expression of the views held by United States senators as to the essential features which should be included in the treaty. While this is not a proffer of a treaty it conveys to the British authorities what is considered essential by the senators, who control the ratification of any treaty which will be made. It also is learned indirectly from senators who have been consulted that among the chief features in the negotiations are a neutralizing of the canal, the United States alone undertaking to guarantee this neutrality and the admission of all shipping on an equal basis with that of the United States.

Although, as stated, these conferences and the written memorandum have been exchanged, it is not expected that there will be any further negotiations prior to Lord Paunceforte's departure for London, which occurs on June 5, or during his absence. The British embassy will remove to Newport as soon as the ambassador leaves. Mr. Gerard A. Lowther will be British charge d'affaires during Lord Paunceforte's absence.

SOME NEWS IN BRIEF.

General Sumner with 900 men has burned the camp of the outlaw Filipino, General Cailles, in the Philippines, and scattered his men to the mountains.

John Nuss, who four months ago disappeared from his home, No. 3207 Sansom street, Philadelphia, was probably murdered for \$200 which he carried in his clothing. His body was found in the river near Norristown.

After endeavoring to obtain possession of the property for years, the Drexels have finally succeeded in purchasing the Independence National bank building, Philadelphia. The transfer is recorded as having been made to John R. Drexel for \$140,000. The building was vacated several days ago when the Independence bank was merged with the Girard National bank in Third street, below Chestnut.

Workmen are now busy on the white house painting the building from top to bottom. On the inside men and women are busy cleaning up the rooms, taking down the draperies and fixing up the executive mansion for the summer. When the president returns from his Pacific coast trip he will find everything at the white house ready for his occupancy. For during his absence the house will be put through a thorough renovation and made as cool and attractive as possible.

The master's report at Philadelphia recommending that a divorce be granted to Dr. Clement Biddle, of the United States navy, from his wife, Palma Morris Biddle, was approved and a decree entered accordingly in common pleas court No. 3. There was no proceeding whatever in the court. Neither Dr. nor Mrs. Biddle appeared. The Biddles are well known to this country and Europe, Dr. Biddle being a member of one of Philadelphia's most exclusive families. Mrs. Biddle's theatrical pretensions are said to have been the cause of the separation.

A sensational kidnaping case, with an American woman as the chief figure, has developed at Vienna. Madame Bertha Benoit secured a divorce from her husband, an Austrian, in Boston. She was awarded custody of their child. The husband carried the latter to Austria and the wife, determined to get possession of her offspring, tracked her former husband through Europe. She finally secured the child and fled to the American consulate at Vienna. The husband has taken the case to the Austrian court in an endeavor to gain possession of the child. The American consul promises protection to Mrs. Benoit no matter how the Austrian courts decided.

ADVANCE RENEWED.

Great Volume Attended the Movement in the Stock Market on Monday.

New York, May 7.—The interrupted speculative advance was renewed Monday with great violence, the speculative holders of stocks apparently having been entirely reassured by the check of the reaction which was achieved on Saturday. The urgent selling which was in evidence Friday afternoon, not only on the part of forced sellers whose loans had been called or whose margins had been wiped out, but of those who feared that they would be, was entirely lacking Monday morning. Those who still had their stocks held them with determination, while those who had come to grief seemed to be returning in vast numbers to make good their losses, reinforced by an increasing tide of new speculators.

Opening sales were of 1,000 to 25,000 shares in separate stocks at extreme advances of from 1 to 4 1/4 points and at prices in some instances varying as much as 2 points on simultaneous sales. The grangers, Pacifics, trunk lines and Southwesterns proved to be the most active stocks. There was a continued dearth of news to account for the strength of the market in general, or Northern Pacific in particular. Consolation continued to be the magic word to influence the trading. There was even a wild rumor that all the great railroad interests whose supposed contest for control have caused the recent violent movements in prices had come to a compromise and were about to consolidate all the principal railroad systems of the whole country. This narrowed down somewhat to more specific reports of progress in the Southwestern merger and of further steps towards the adjustment of relations in the Northern railroad deal.

Long strings of 1,000 to 6,000 share blocks were recorded, but the successive price changes did not exceed three-fourths of a point after the opening, when the second sale was made at a jump of 2 1/2 points over the first sale which was 4 points over Saturday. The movement in Canadian Pacific was apparently sympathetic and reached an extreme of 13 1/4.

The buying of Northern Pacific was very concentrated, a single house being credited with the purchase of as much as 150,000 shares. It is a house which has been prominent in all the recent notable movements of railroad stocks. The day's business was well over 2,000,000 shares, but was half a million less than on any full day's trading last week.

Bonds were comparatively quiet, outside of the price movement in the convertible bonds. The general tone was strong. Total sales, par value, \$2,770,000.

U. S. new 4s declined 3/4, the 3s 1/4 and the old 4s 1/8 per cent on the last call.

THEY PRACTICED SHOOTING.

Attempt to Prove Good Relations Between Eastman and Grogan.

Cambridge, Mass., May 7.—The thirteenth day of the Eastman murder trial was spent by the defense in piling up additional evidence to support the contention that relations between the defendant and the victim of the shooting, Richard H. Grogan, Jr., were at all times pleasant. No mention was made of rim-fire or center-fire bullets or revolvers. The incidents of the fatal day were scarcely touched upon.

The evidence showed that the families were at all times congenial; that the two men enjoyed many athletic sports together. But the sport which mostly took their fancy was shooting at a mark.

Mrs. Eastman, wife of the defendant, took the stand just before the close of the afternoon session and had not finished when court adjourned.

DISPUTE OVER QUEEN'S GIFT.

Mrs. West Claims Maine Flag and So Does Baker.

London, May 7.—A dispute has arisen as to the ownership of the flag which Queen Victoria presented to the hospital ship Maine. Mrs. George Cornwallis West (Lady Randolph Churchill) asserts that it belongs to her and Mr. Bernard Baker, owner of the vessel, declares that it is his property. The flag is now in Lady Randolph's possession.

It seems that while the Maine was still in service as a hospital ship Mr. Baker gave orders that the flag should be surrendered to no one without an order from himself. The officer in charge of the ship, a few days later, sent it to Lady Randolph upon her written request. He was dismissed for disobedience and Mr. Baker requested Lady Randolph to return the flag to him, which she, in spite of more importunate requests and demands, has failed to do.

Lady Randolph claims the flag as her own, but has intimated her willingness to send it to the United States government, to be placed as a relic in some national museum.

Work on the stilt works at the Franklin street crossing is progressing rapidly. The kiln is almost completed.

Mrs. A. Hunter left Saturday night for Sistersville, W. Va. The lady is 82 years of age yet she made the trip alone.

J. H. Mason, pastor of the A. M. E. church, returned Saturday evening from Van Wert, O., where he had been attending a convention during the week.

Will Arb, who was seriously injured by being thrown under a freight train which he was trying to ride Friday, is much improved, though not yet able to be at work. He says he will let freight trains alone hereafter.

Clarence Hunter, of Wellsville, who formerly resided in the West End, was calling on friends there yesterday and distributing cigars and chewing gum. His friends were very much surprised at his apparent extravagance, but he explained to them that a son had arrived at his home Sunday night, and they were satisfied.

CAN'T EVADE IT.

Positive Proof From East Liverpool Can't Be Brushed Lightly Aside.

The reader is forced to acknowledge that convincing proof in his own city is preeminently ahead of endorsements from everywhere else in our republic. Read this:

Mr. W. P. Cochran, of Mulberry street, East End, says: "At intervals for 30 years I had serious kidney and bladder trouble. The agony I went through can hardly be described. Many nights I rolled from one side to another trying to find an easy position for my back. I could not move without having sharp twinges of pain, and I was also troubled with urinary difficulty, the secretions being very irregular, and at times very distressing. I ran down so that I could hardly help myself. Doctors treated me. I took a power of stuff and I had given up all hope of being cured when I saw Doan's Kidney Pills advertised as a never failing remedy. I got a box at W. & W. pharmacy, and after taking half of it I could see some improvement. I continued and the treatment did me more good than anything I ever used."

Hopeless and Helpless.

The consequences of a diseased condition of the stomach and digestive and nutritive system are most disastrous to the whole body. One by one every organ may become involved. The misery is maddening. The most extreme cases of "stomach trouble" and the evils resulting from it have been cured by Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, purifies the blood and builds up the body with sound healthy flesh.

"I was taken with severe headache," writes Thomas A. Swarts, Box 103, Sub-Station C, Columbus, Ohio, then cramps in the stomach, and my food would not digest, then kidney and liver trouble, and my back got weak so I could scarcely get around. I just gave money to the doctors whenever I thought they would do me any good, but the more I doctored the worse I got until six years passed. I had become so poorly I could only walk in the house by the aid of chair, and I got so thin I had given up to die, thinking that I could not be cured. Then I saw one of my neighbor boys and he said, "Take my advice and take Dr. Pierce's Golden Medical Discovery and make a new man out of yourself." The first bottle helped me so I thought I would get another, and after I had taken eight bottles in about six weeks I was weighed and found I had gained twenty-seven (27) pounds. I have done more hard work in the past eleven months than I did in two years before, and I am as stout and healthy to-day, I think, as I ever was."

ST. STEPHEN'S CHURCH.

Phenomenal Growth And Prosperity Shown by the Year's Reports.

The parish meeting of St. Stephen's Protestant Episcopal church last evening was large and enthusiastic. The treasurer reported receipts as follows: For salaries and expenses, \$1,649.97; debt on rectory, \$211; amount received from society, \$145; amount for missions, \$116.90; cash received for new building fund, \$8,675.08; total cash received, \$10,797.95; number of members, 265; total cost of new church, \$22,858; indebtedness, \$8,944, less unpaid pledges and cash, \$2,556.78; total indebtedness, \$5,530.53; assets, value of church property, \$40,000; insurance on property, \$19,000.

The Sunday school report showed: Scholars, 199; teachers, 17; amount cash received, \$550.04; average per Sunday, \$10.59; average per scholar, \$2.54; devoted to new church, one brass lectern, \$150; one marble font, \$145; towards building fund, \$59.89; missions, \$82.50; one set of banners, \$31.13; expenses, \$81.52.

Satisfactory reports were read and received from the following societies: Ladies' Guild, Embroidery Circle, Girls' Friendly, Juvenile Workers, Brotherhood St. Andrew and Bible Class association. A vote of thanks was tendered the rector, vestry and all church workers. The old vestry was unanimously reelected for the coming year as follows: Christopher Horton, senior warden; Arthur Underwood, junior warden; vestrymen, Albert Carns, John Shingler, James Bloor, Herbert Rowbotham and William Swindles. The following delegates were appointed to attend the next diocese and convention which will be held at Cleveland Tuesday and Wednesday, May 21 and 22: William Swindles, Priestley Hindle and James Bloor; alternates, Thomas Stoddard, John Shingler, William Lynch. George Smith was unanimously elected layreader for the coming year.

Anxious to Be His Friend.

"There are plenty of men in this world," said the head of the firm, addressing the clerk he had summoned into the private office, "who can trace their successes directly to what they at first considered failures. I knew a man who 20 years ago was a clerk in a clothing store. His employer discharged him for incompetency. He went through all the clothing stores in town trying to get another job, but couldn't find one, and at last, almost starved, he got a place as a brakeman on one of the railroads. Today he is practically the head of that road, draws a salary of \$25,000 a year and regards the man who discharged him long ago as the best friend he ever had. Now, he is only one of hundreds of men who have had similar experiences. So you see what at first seems a misfortune may often be a real blessing in disguise."

The young man hid a yawn behind his hand and, thinking of the live broiled lobster he had the night before helped a certain soft eyed creature to remove from the scene, languidly replied:

"Yes; I know that has frequently happened. Did you want to speak to me about anything in particular this morning, Mr. Yamsley?"

"Oh, no; nothing of special importance," the old gentleman replied, "only I'm going to give you a chance to look back some day and regard me as your best friend. Goodby. I hope you'll have all kinds of success at whatever you decide to go at."—Chicago Herald.

OPENING GAME A WARM ONE

Lasted For Eleven Innings and the Final Score Stood 9 to 8.

WEST ENDERS PLAYED FINELY

And the Crockery City Team Almost Met Its Match—A 6 to 6 Tie Was the Situation at the Opening of the Eighth Inning.

The opening game of the season at Rock Springs park yesterday was a hot one. It was only after 11 hard-fought innings that the Crockery City team succeeded in defeating the West End Athletic club by the modest score of 9 to 8.

Shortstop Stillwell, of the West End team, had put up a brilliant game throughout. He had taken all kinds of chances and had gotten through without an error until the last half of the eleventh inning, when by a wild throw to first he allowed the winning run to score.

The West End team, while it is made up of younger players, is not to be placed in the boys' class by any means, and the fielding of the team was a surprise to the older favorites in the game who were present. The Crockery City team was handicapped by the absence of one or two of the infielders, and this defect proved almost fatal, as a mix in the infield in the third inning allowed four runs to score.

In the second half of the second inning Chadwick sent the ball flying over the left field fence and it looked as though a home run would be made, but the prompt fielding of Myler stopped the runner at third base. In the first half of the same inning Stillwell made a brilliant stop of a hot grounder by Webb.

It was in the first of the third inning that the West End team made a spurt. With three men on bases, Carey knocked a liner to short. The ball was sent to first, but Gibson was not on the base. He tried to catch a man at third and on the throw to home the ball struck the runner. With this and other misplays, the West Enders succeeded in piling up four runs.

In the second half of the third the Crockery City team also brought in four runs, the last two of which were escorted by a clean hit by Ferguson.

In the first of the sixth inning Carey succeeded in getting the ball over the fence in the field for a two-bagger.

Stillwell did a similar act in the seventh and also reached third.

The 6 to 6 tie which was on at the opening of the eighth inning was shattered by the Crockery City team when they made two earned runs.

The first of the ninth opened with the West End team up for their last bat and everything looked gloomy for them, as there were two scores to gain before the tie was again reached.

Two men were out when Tyson got a base on balls. Heckathorne was next to bat and he made a hard left field drive. The ball struck the ground and bounded over the fence. Tyson crossed the plate, followed by Heckathorne, who, on a close decision, was credited with a home run. The next batter was out and the score was tied.

Neither side scored in the tenth inning, and in the first half of the eleventh the West End team was retired in one, two, three order by Ferguson.

Ferguson struck out when he came to the bat to lead off for the Crockery City in the latter half of the eleventh. Millward followed by being thrown out from third to first. Then Hamilton secured a hit. It was not thought possible that a run would be scored with two men out, when Davis sent a hot grounder to Stillwell at short. Stillwell fumbled, but finally got the ball. In his endeavor to beat the runner to first he threw over the baseman's head and Hamilton succeeded in reaching the home plate. The game was then called.

SEEKS A DIVORCE.

MRS. WILHELM BRINGS ACTION AGAINST HUSBAND.

Culmination of a Sensational Case. Assignments for Trial Next Week.

Lisbon, May 7.—(Special.)—Enora Wilhelm seeks a divorce from W. J. Wilhelm, who, she says, is unfaithful to her, and she also asks a share of his property. They were married in Columbiana in 1890, but within a few years the defendant is said to have begun calling on Mrs. Lizzie Betz in Leetonia. At the October term, 1900, Wilhelm was sued in court here by William A. Betz, husband of Mrs. Betz, for alienating the affections of his wife. At that time Mrs. Wilhelm claims to have proven that they had been guilty of immoral conduct. Wilhelm owns property in Leetonia, Salem and Fairfield township and is a member of the firm of the Leetonia Milling company.

Court convened yesterday afternoon, Judge Hole presiding, but was in session only a short time, when it adjourned until Wednesday morning at 9 o'clock.

Clerk McNutt this morning made the following assignment of cases for next week:

Monday—C. P. Rothwell vs. A. S. McCaskey; Wm. W. Johnson vs. Isaiah Grafton; S. W. Conner vs. Edward Groves, motion.

Tuesday—Clarence Kountz vs. J. A. Crowley et al; Geo. T. Mick vs. John Williams; Curtis W. Atkinson vs. Hannah Natrass; Anna M. Taggart vs. Mary J. Batesole et al, motion.

Panics and Religious Books.

There is one kind of business, according to a New York man prominent in it, that does not enjoy easy financial conditions. It is that of publishing devotional and religious literature. This publisher explained this anomalous condition as follows:

"When everybody is prosperous, there is no very great demand for our publications. People are happy, and they do not go to church to any great extent. Preachers will tell you that church attendance is never so good in prosperous times as it is in periods of financial straits.

"Let a panic come on, however. At first our business feels it as keenly as any other line. People suddenly cease buying everything except what they are obliged to have. As times fall to improve, people take more to going to church. Attendance increases very perceptibly. In a few weeks we can tell it in our business. There is a greatly increased demand for devotional books of all kinds. The business increases, and at the very height of the financial troubles we do the largest business. As times get better you can see our trade in this line of publications gradually drop off until, when prosperity again comes round, we settle down to a normal business quite different from the boom we had been enjoying."—New York Times.

W. A. HILL.

"Why Don't It Bust?"

We quote from The Century an anecdote related as one of "A Woman's Experiences During the Siege of Vicksburg."

Speaking of fuses, the rector told us one day a very funny thing that he had seen during one of his trips to town. Every day, as long as the siege continued, he crossed that hospital ridge and passed over the most exposed streets on his way to the church, always carrying with him his pocket communion service, apparently standing an even chance of burying the dead, comforting the dying or being himself brought home maimed or cold in death. His leaving was a daily anguish to those who watched him vanish over the brow of the hill. One evening, coming back in the dusk, he saw a burly wagoner slip off his horse and get under it in a hurry. His head appeared, bobbing out first from one

side, then from the other. Above him in the air, bobbing, too, and with a quick, uneasy motion, was a luminous spark. After a full minute spent in vigorous dodging the man came out to prospect. The supposed fuse was still there, burning brilliantly. "Darn the thing," he grunted, "why don't it bust?" He had been playing hide and seek for 60 seconds with a fine specimen of our southern lightning bug, or firefly!

Fair Sized.

"No," said the retired showman, "I won't say that we had the biggest giant that ever happened, but it is a solemn fact what I am going to tell you. This giant had a penchance, or whatever you call it, for trying new styles of whiskers."

"M-hm."

"Well, when he wanted a new style laid out he had to send for a landscape gardener."—Indianapolis Press.
